BEING  
OF COURSE,  
A SCIENCE  
PUBLICATION.

Published free every time a Zombie awakens ! Positively not an adv.!

wwaaaaaHHOOOOO! D'JOURNAL  
GOES BI-MONTHLY!

Not being able to read, you have probably never heard of Fantasy .. Fictions FIRST Fun-fan Folio , ... Featuring Funtastic Foolery before have you? I didnt think so. This is to acquaint you with it. It's name is: D'JOURNAL. And all those fffff's belong to it.

And, despite any other fantasy magazine in the field, or any that are likely to enter the field in the near future, D'JOURNAL is THE fantasy mag! Take a pee p at some of the material lined up for the second and third issues:

"FOUR WALLS DO NOT A PRISON MAKE" by Ford De Menshen. (Nobody will be able to guess the identity of this mysterious author. It is ... whispered tho that he is Anthony Gilmore. We can give you a tip: He lives on that crude west coast & speaks Ackermanese); This yarn by the way is apt to become our first book-length novel, or two part serial, it is that long.;

"REPORT OF THE FIRST PEORIA S-F CONVENTION" by Peoria Ike.;

"A LETTER FROM INJUN JOE", our first D'JOURNAL NOVA story. (Oh yee, that professional magazine is imitating us!) This is by Dan McPhail.;

"A FAN IS DOOMED" by Samahara, or better known as Mary G. Byers, Doc, so dont call her a 'Messer'.;

"THE SCIENCE CITY OF AMERICA" by Ron Reynolds.;

"UNPUBLISHED SCRIPT FOR THE NEXT TARZAN PICTURE" -- this scop was smuggled out of Hollywood to us by Cecil Clayborne Cunningham, (Gad! What a name!) and is really an original script.;

"PIELARK PATROL" by Tony Strothers. You dont want to miss the hairraising

experiences of Kibitzer Kimmerson in this epic!; "ON THE CARE AND FEEDING OF VAMPIRES" by Dr. Dick Wilson, Jr., Pffft. This important treatise covers every known angle on raising the little pets.;

"How To Run a Successful Ghost Agency" by that hair-pulling ghost-writer, Brian Eldred. Never heard of him? Neither did we till the MSS came. Maybe he IS a ghost.

"THE SKYLARK OF LOVE", another one of those Kibitzing things, this one by Phlian Eyghe, whom also we never heard of till the MSS came. Say, Dr. EE cant have THAT many friends!; "WRITING THE SCIENCE FICTION YARN" by Harry Warner, Jr. This one really belongs in the 'Writers Digest' magazine, but we snatched it first.; and say, did you know that D'JOURNAL has exclusive reprint rights to the material published by THE FANTASY FAN, IMAGINATION, and FANTASCIENCE DIGEST in years gone past? (Well, almost exclusive!) We have quite a bit of the more humerous reprints from these fan magazines coming up.

And D'JOURNAL is mutating too! Our photographic covers of space ships of the future are the talk of the nation! (Sample on other side.) In the issue we have a bombastic cover on tap, somethin extremely new and interesting!

And our departments are the Zombie's pajamas: "WE VIEW WITH ALARM" (editor); "OF ABSOLUTE NO INTEREST TO YOU" story forecast by Bradbury; "CAUSTIC COMMENT" (readers) and others.

published free every time a sample copy is requested. This is a real advantage for the reader who can get a complete issue of the magazine at no cost.

expert uses of literary techniques in this issue! "ON THE CASE" by "THE VAMPIRE" by Dr. Wilson, P. 11. This important feature covers every known phase of relating the little bits of "how to" for a successful ghost writer. This is a must for every writer who wants to get into the field of ghost writing. And all those who are looking for it.

and besides any other fantasy magazine in the field, or any that are likely to enter the field in the near future. "THE INVISIBLE SPY" is a magazine that is not only a must for the second and third issues of your mind but a prison cell. It is a magazine that will give you the identity of a mysterious author. It is a magazine that is a tip to the best of the best.
