I should like to point out that the following "classics" are available under this Scheme;-"THE MOON POOL" as it was originally published, "THE SKYLARK OF SPACE" and "SKYLARK THREE". These stories and any others for which there is a great demand are sent round Fandom on the same system as the "chain-letter" i.e.with an accompanying list of names and addresses to which the mags may be sent when finished with.

If any subscriber has any magazines which he would like to make available to SFx I should be very glad to hear from him.

JUST ARRIVED, John Taine's great story "THE TIME STREAM". When requesting magazines it is advisable to send as complete a list of all the mags you desire to borrow in order to facilitate despatch of requirements.
