

The British Science Fiction Association Ltd.,  
Information Service.

New Science Fiction & Fantasy Books Published in Britain.

INTRODUCTION.

The information in these lists is in the following order

Author (alphabetically by surname); Title; Publisher; Price (in New Pence); Status; and Standard Book Number.

The following abbreviations are used:

\*means that the book is being published for the first time in Britain, and therefore is eligible for the British Science Fiction Award presented annually by the Association at the Easter Convention the year after the publication of the book.  
ni : New Issue.      ne : New Edition.      pb : Paperback.  
juv : Children's Book.      sch : Book intended for use in schools.  
non-fic : Non-Fiction book about SF. non-sf : Of Interest.

A New Issue is a book reprinted by a publisher at the same price, or less, and in the same format as an earlier edition.

A New Edition is a book being published by a different publisher, or at a different price, or in a different format.

A book is in hard covers unless indicated by the use of "pb".

The Standard Book Number is a computer coding to help Booksellers and Publishers when ordering a book.

Due to the difficulties in obtaining regular advance information from publishers, some books may be missed out from its correct list. If you come across any unlisted books, we would be grateful if you could let the Association know, and they will be included in a later list.

Bonus. Starting in 1971, the April, August & September lists will contain a list of American books imported into this Country (if any) by the major publishers (not including T&P remainders), and also a list of Science Fiction Book Club selections.

Acknowledgements. The Compiler is grateful to the following for the supply of information for these lists: All publishers who send details of 'Forthcoming Books' and catalogues; "The Bookseller" and Mr K.F. Slater of Fantast (Medway) Ltd.

NOTE. The books in these lists may only be obtained outside The United Kingdom subject to market restrictions.

New Science Fiction & Fantasy Books Published in Britain is compiled by Gerald Bishop, in co-operation with the BSFA Ltd., Information Service.

The Information Service exists to help you with your questions on all forms of Science Fiction, Fantasy and Fandom. Questions should be sent on separate sheets to the Secretary, who will pass them on to the appropriate authority for answering.
