Whole No. 6

RM

A note to the regular receivers of this mag. This issue of 2b is being made a part of the combazine which will be sold at the Pacificon. Therefore if I repeat a few things I have said previously, don't pay any attention as it is not necessarily meant for you all. (Thot, I hope this reaches the coast in time).

RM

For those who wonder, the nitial between paragraphs are mine, and are meant to take the place of the eternal oo00oo, of which I have grown very tired.

ANNOUNCING THE FAN PICTORIAL

Published by Ron. Christensen, and Ron. Maddox, for the purpose of getting fans to know each other, and also because we feel like publishing it.

This booklet will be one of the most expensive projects take n on for quite some time, as the cost of printing and foto reproductions will run into the high sums. /therefore help must be obtained from YOU ALL, the fans, that will make up this pictorial. Send in your subs. to the first edition (one dollar) to Ron. Maddox at the above adress. Adds may be purchased for 35¢ per page, 50¢ per 1/2 page, and \$1.00 per whole page. We consider these costs extremely low under the circumstances.

Besides cash we need foto's. Foto's of fans, fan gatherings, etc send em in just as soon as you possibly can.

RM

Can someone sell me the second issue of Science Fiction Quarterly? It is the only issue I need to complete my set. I'll pay up to 35¢ for the damned thing.

RM

Upon reaching New Jersey, I plan to start a cardzine. Originally I was going to make 2b into a newsheet, but have decided to leave it as is, an informal sheet meaning little, and meaning to mea n little. Anyone wishing to subscribe to this cardzine may write me the cost will be 2¢ per issue, six for 10¢. It will carry news of especial interest to east coast fans, and any odd bits that come my way.

RM

I notice that Anthony Boucher, former Science Fiction writer, recently turned to radio, has come back to the Science Fiction field. I hope its for good, and that he'll desert radio for S.F.

RM

Anyone interested in purchasing some back issues of S.F. mag. can obtain almost any issue of any mag. for the last three or four years, from me, for not more than a few cents over cover price, and in many cases under cover price.

RM

That: Ordinarily this mag. will be larger, but due to the fact that this is being done in a hurry, I shall hold it to two pages.

Since this seems to be an issue of address I might as well continue to wish to buy any back issues of ANY mag. However they must be in absolutely perfect condition. I'll also wish to buy old Amazing Astonishings, Super Science, etc.

RM

I have about a half a dozen good quality typer ribbons here, that I'll send to anyone for \$1.00 postpaid. Also a few other supplies, such as ink, kink, staples, etc.

RM

If anyone would like a market for news items, poems, articles, etc. How about sending me, as I need them for my other mag. Jupiter, which will appear around the first of July, third issue, about the first of October.

RM

Well, I imagine that's about all. I wish the Pacificon all the luck in the world, and am only sorry that I could not attend this biggest of all Science Fiction conventions in person.
