If this first issue of "Austra Fantasy" isn't up to the Standard you expected, or if you don't think you are getting your money's worth, please forgive and rest assured that the 2nd issue will not only be much better but much bigger. There are not as many pages in this first issue as we promised and we're sorry - but as we said before, this will be rectified in the next issue.

Correction - Han Kuttner did not write the original "Dr Cyclop" which you will see stated on the review page. As you will know by now, he only fictionalised the film for T.W.S.

Next Issue - Out about November or before, will contain Vol Molesworth's "The Lost Relic" and William D Veney's "Give 'em their Dues". We hope you will like the 2nd issue better than the first.
