

WHATSOEVER HAPPENED TO COMORG?  
or: Mike O'Brien - I thought this was your job!

An after-midnight exercise by John Bangsund, PO Box 357, Kingston, ACT 2604 : 9.5.72

---

Howard Sillery and R. J. Faulder, of the Sydney University SF Society, have kindly supplied me with their group's membership list. I reproduce it here, along with other NSW addresses I have. I don't feel like doing this. Mike, would you mind very much acting as central repository of addresses from here on? It would be much easier for me to send this information to you - and perhaps you could write to the other groups we know about and get their lists, too. (I have 450 copies of Scythrop 26 in the garage waiting to be collated, and have averaged 6 hours sleep for about the last week or so. I'm not complaining: I'd just like someone else on the committee to do something, you understand?) (Nothing personal: it's just that I'm buggered.)

It's awful laxe, and my typing proves it. I've been out to Leigh and Helen Hyde's place all night, consuming more than my fair share of a '68 Penfolds Minchinbury Rhine Riesling and an undated Lindemans StCora Burgundy. Forgive me. I will sned - send, that is - the original of the above to Mike, for him to work out. I don't know whether I have the energy or sobriety to attempt my complete NSW list, but we'll see how we go.

---

BUT FIRST, A FLASH FROM OUR NEWSROOM:

Alan France is alive and well in Canberra. At the moment of writing I have no idea where exactly he is, but by crickey I will track him down. The reports from Helen and Leigh were not exactly encouraging, but I think this is a bloke worth tracking down, and I will attempt to do so. (Doesn't that take you back, you old-timers from '67 and '68?)

PS: When I went to run off these stencils I found the power had packed up in the garage. No light, nothing. So it's now 11th May. Happy 11th May to all!

Gary, Bob & Lyn, and Shayne, I assume you have on your file.

And while you're about it, don't overlook the couple of NSW addresses I included in my ACT list. Only a couple of people, but they're pretty keen, and they have contacts at the University of NSW.

Obviously, from this list, Scythrop doesn't go to all the people it could in NSW. I do have Damien Broderick's address somewhere (33 Duke St, Balmain, from memory) and a few others. But comparing notes is perhaps a step in the right direction. Pardon the typing errors - it's all the IBM's fault, of course. Also it's 1.30 am.

Note: I've lost track of the following people - Norma Williams (a long time ago; last address Armidale NSW); Eric Harries-Harris, SA (can you help, Alan? - he worked for GMH and is well known in astronomical circles; Brian Waters, 2 Railway Ave, Bridgewater, might know where he's gone).

I will not attempt the other states. I suggest people in Vic, SA, Qld, WA and Tas send their lists to Mike, and I will compare notes with him. Okay? The only person I have on my file in NT is Miss J. Winter, PO Box 715, Alice Springs 5750.

Also: Perhaps Mervyn might send Mike a complete printout of his address list? Just a thought. Bill Wright, I feel, needs all these addresses, but he can't get them all on his own. A75 Committee members might care to send Bill all the addresses they have, apart from the NSW and ACT ones I've listed. It would help.

Cheers,

JB
