OLAF in Russia.

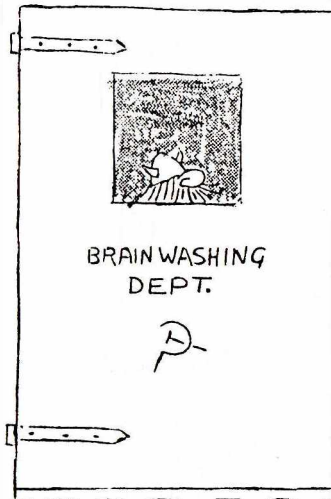

"please Comrade Commisar,
you've got to
believe me!"

1311/510

"Honest, if I'd known he was so sensitive about
it I'd never have told that 'bald-headed' joke".

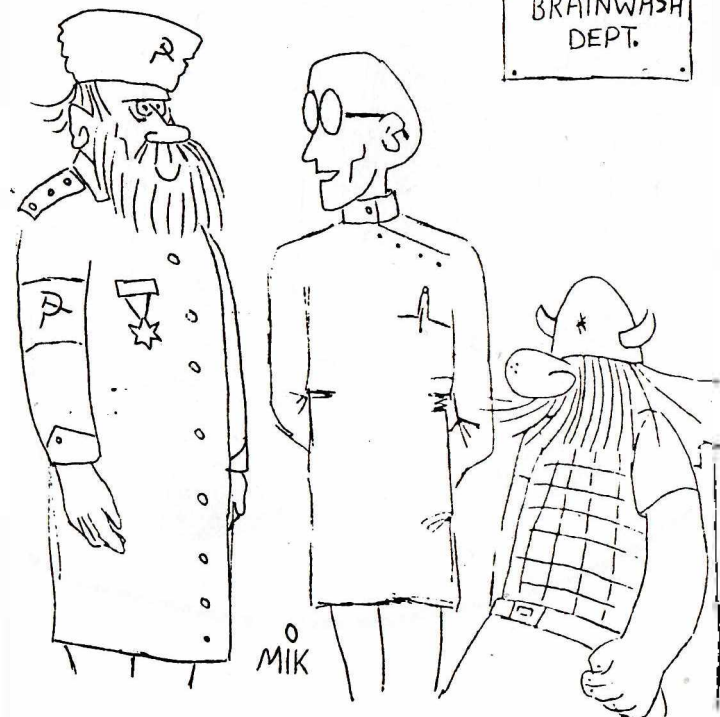

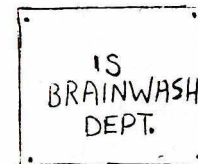

"Hello, Ivan?. Send me some more men, the last lot were reduced to giggling maniacs in 23 1/2 minutes".

MIK

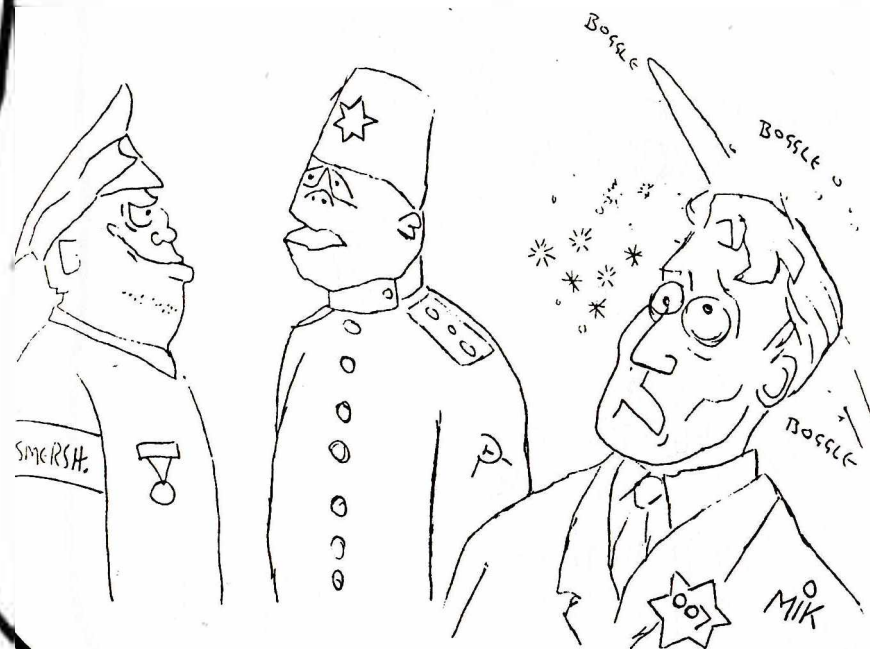

"No success, Comrade Doctor".

"No brain, Comrade Commissar".

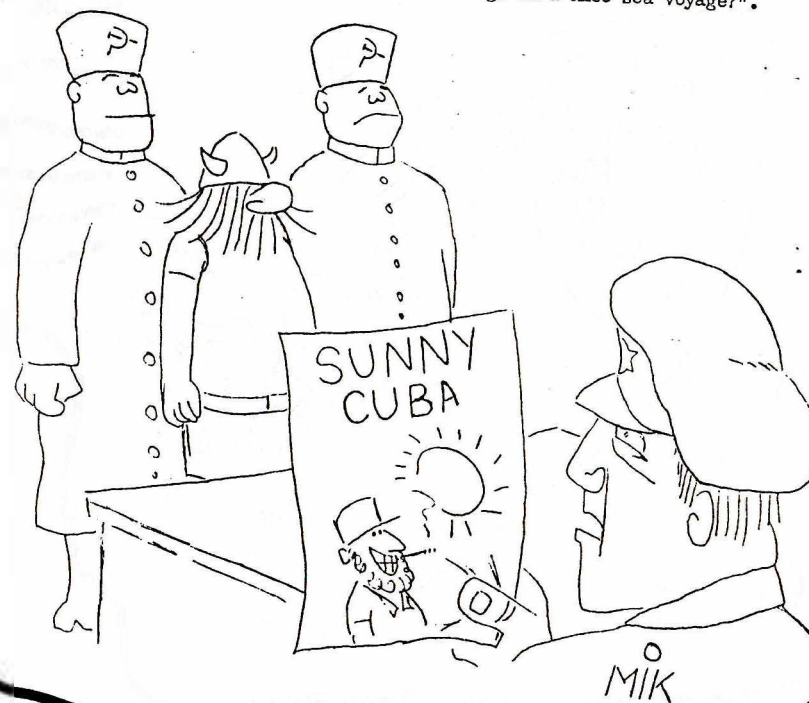

MIK

"A brilliant idea sir. After half an hour confined with Olaf
he broke down and told us who "M" is....."

"Comrade Olaf, how would you like
to go on a nice sea voyage?"

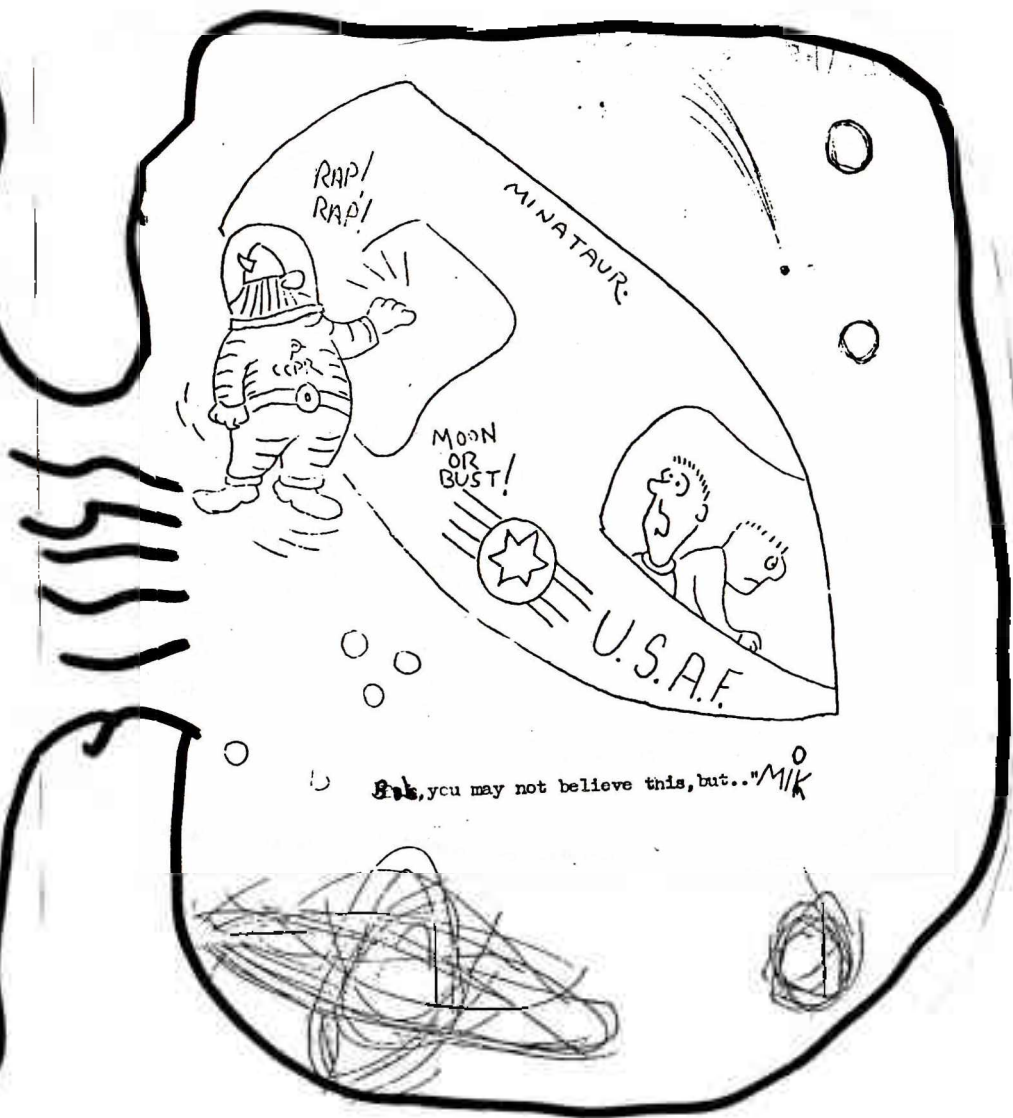

OLAF in ORBIT

BEEP!
BEEP!

"You know Comrade, previous to this I don't think I've truly appreciated the wonders of modern science"

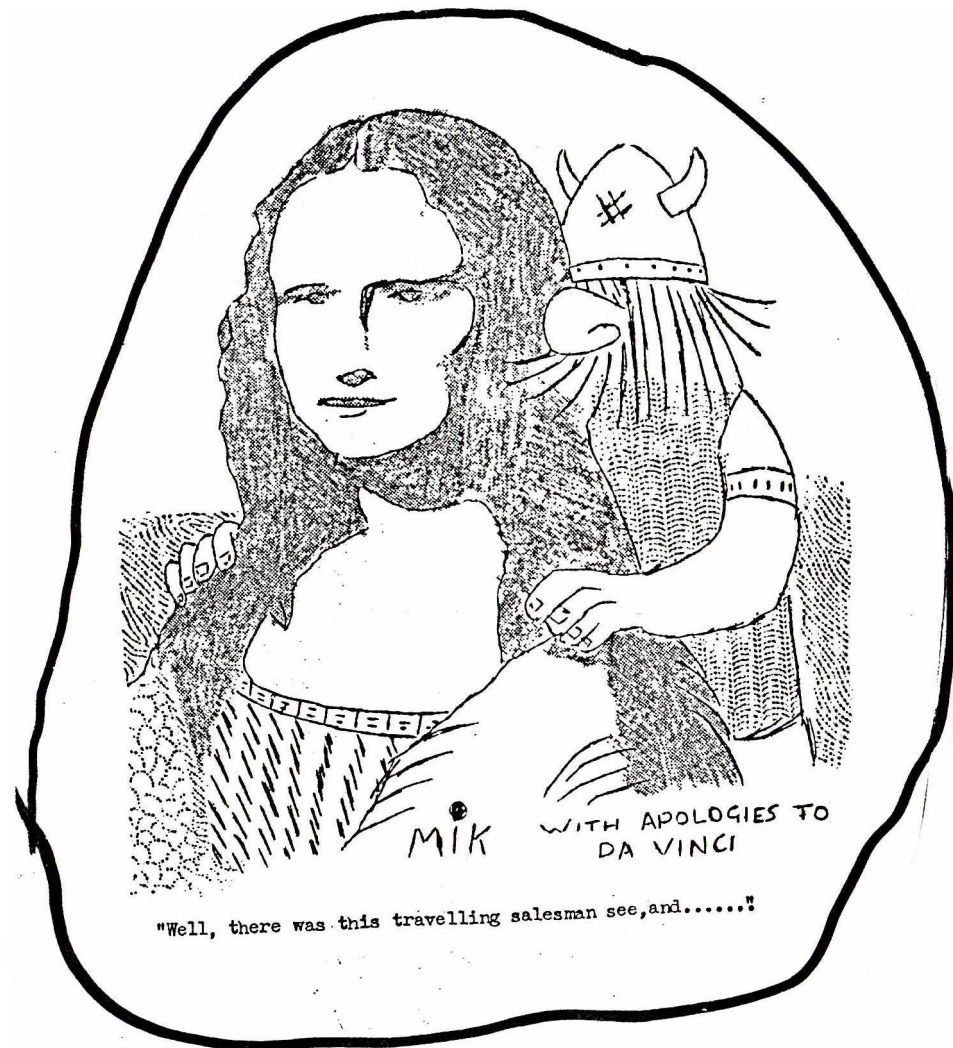

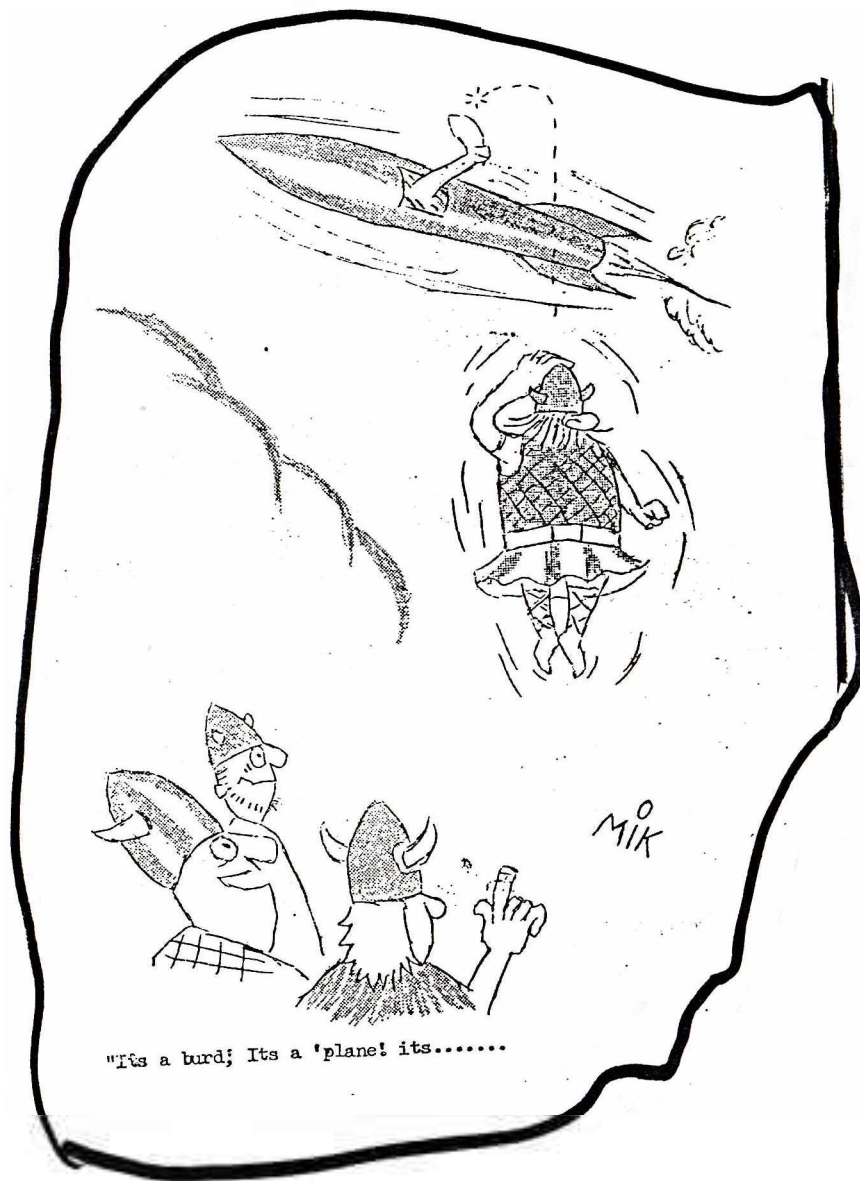

But, you may not believe this, but... "MIK"

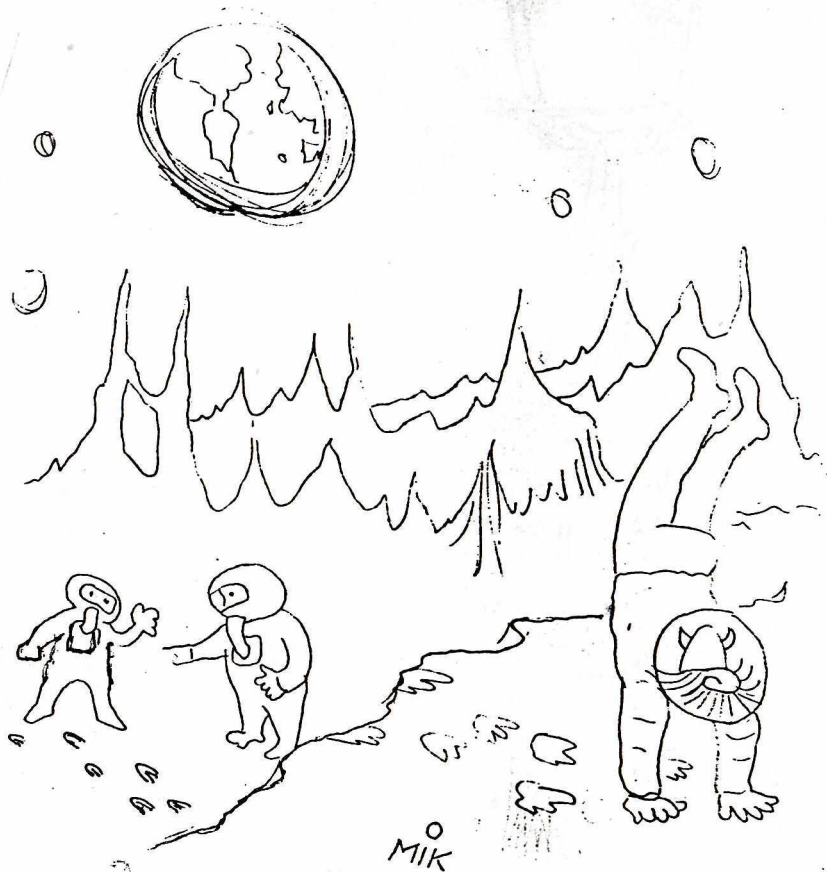

"he refuses to say anything except his rank and serial number
and an occasional "arcastic "beep""

"Technically he's right of course, he did jump
out of the airlock first...."

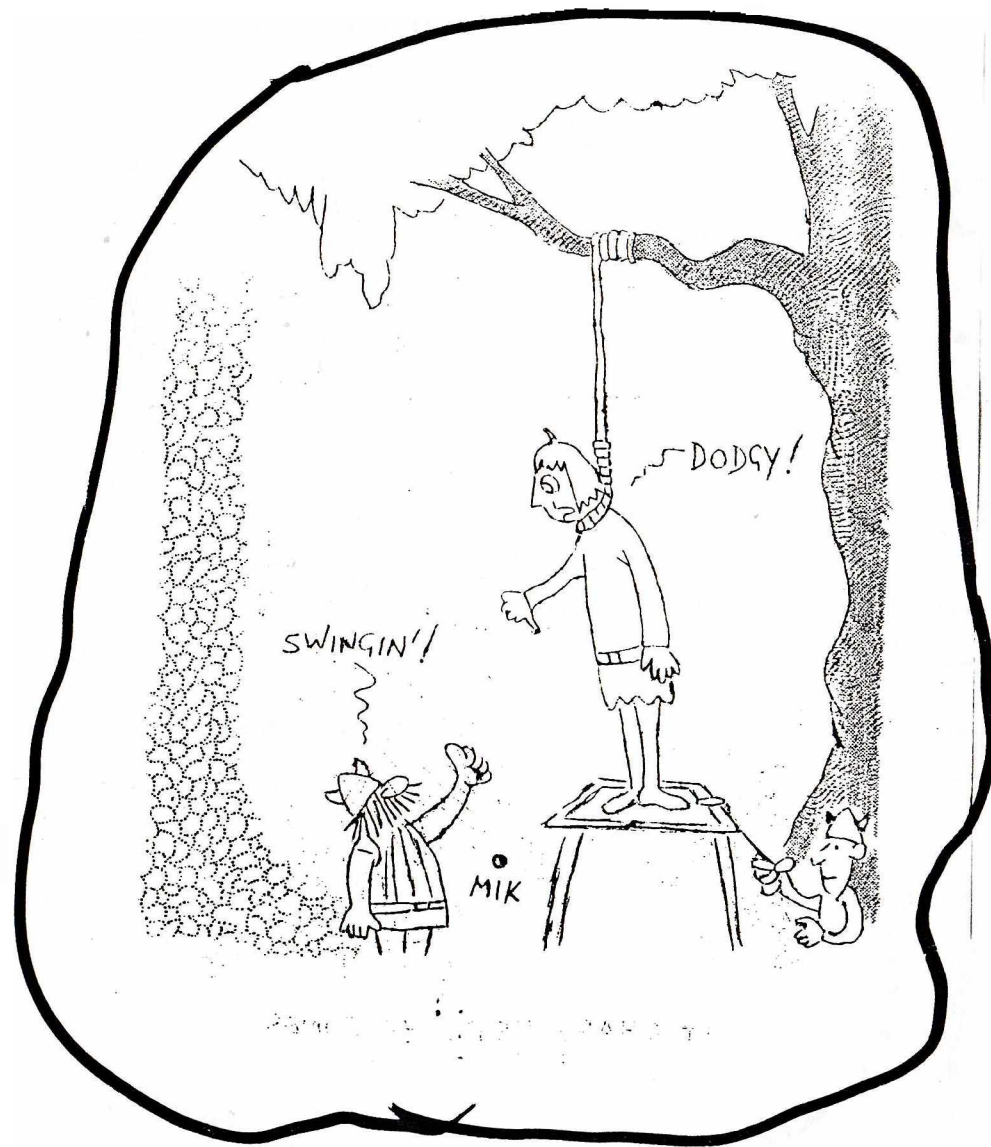

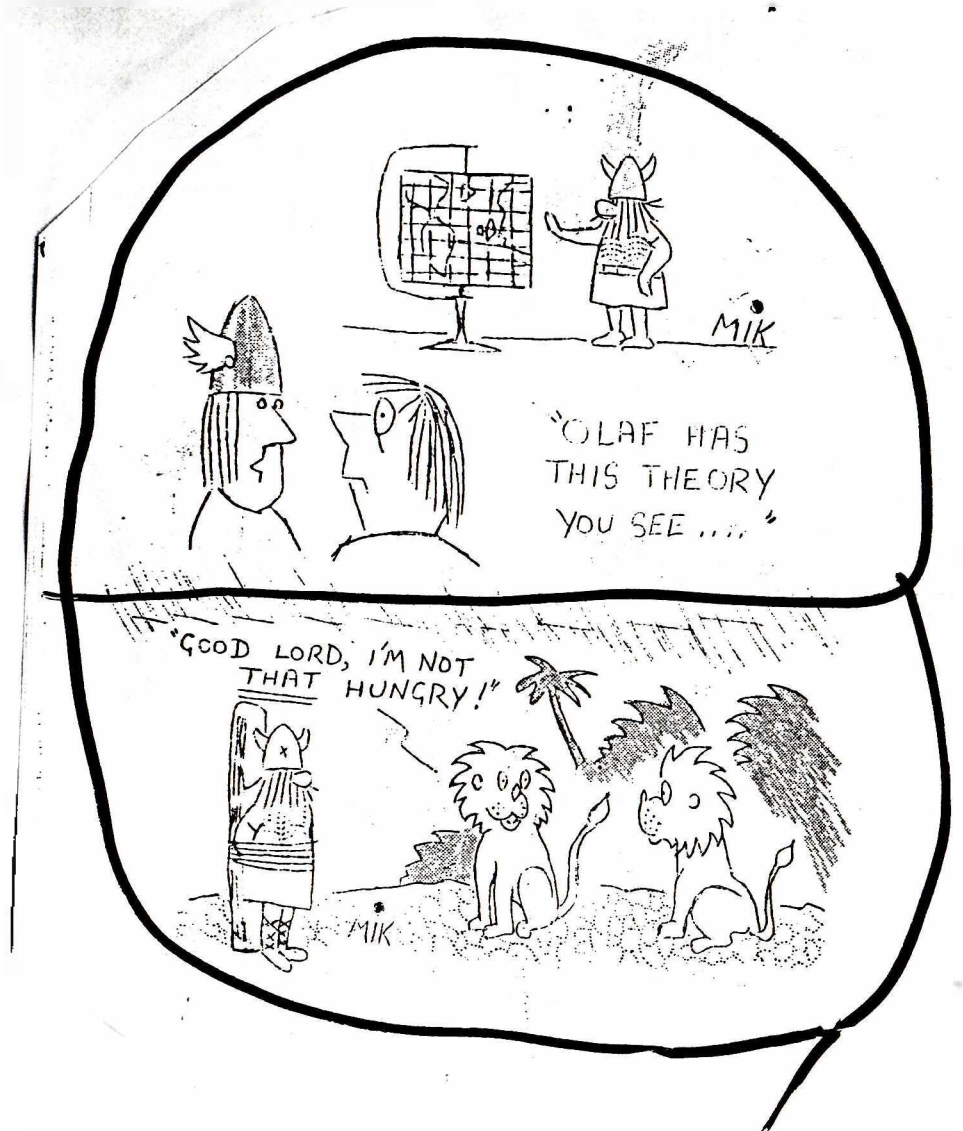

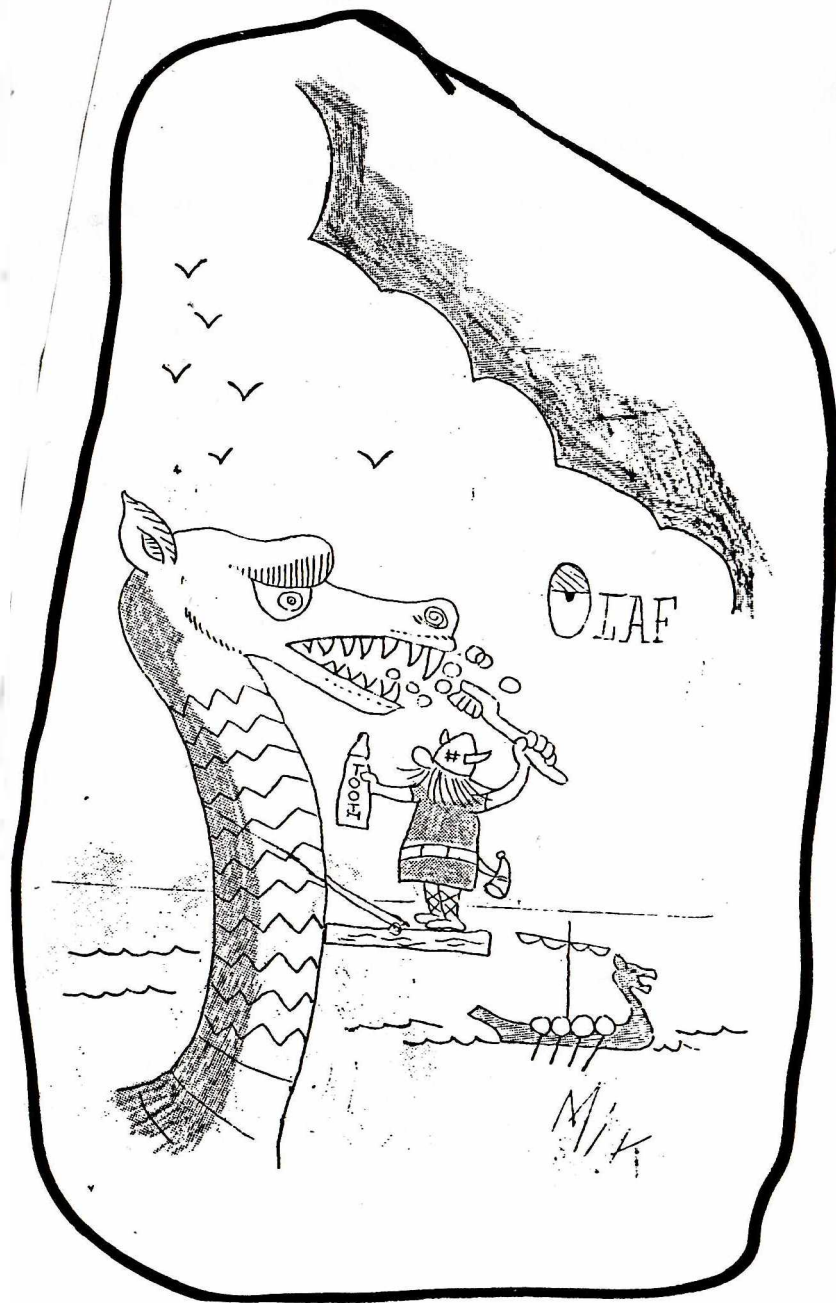

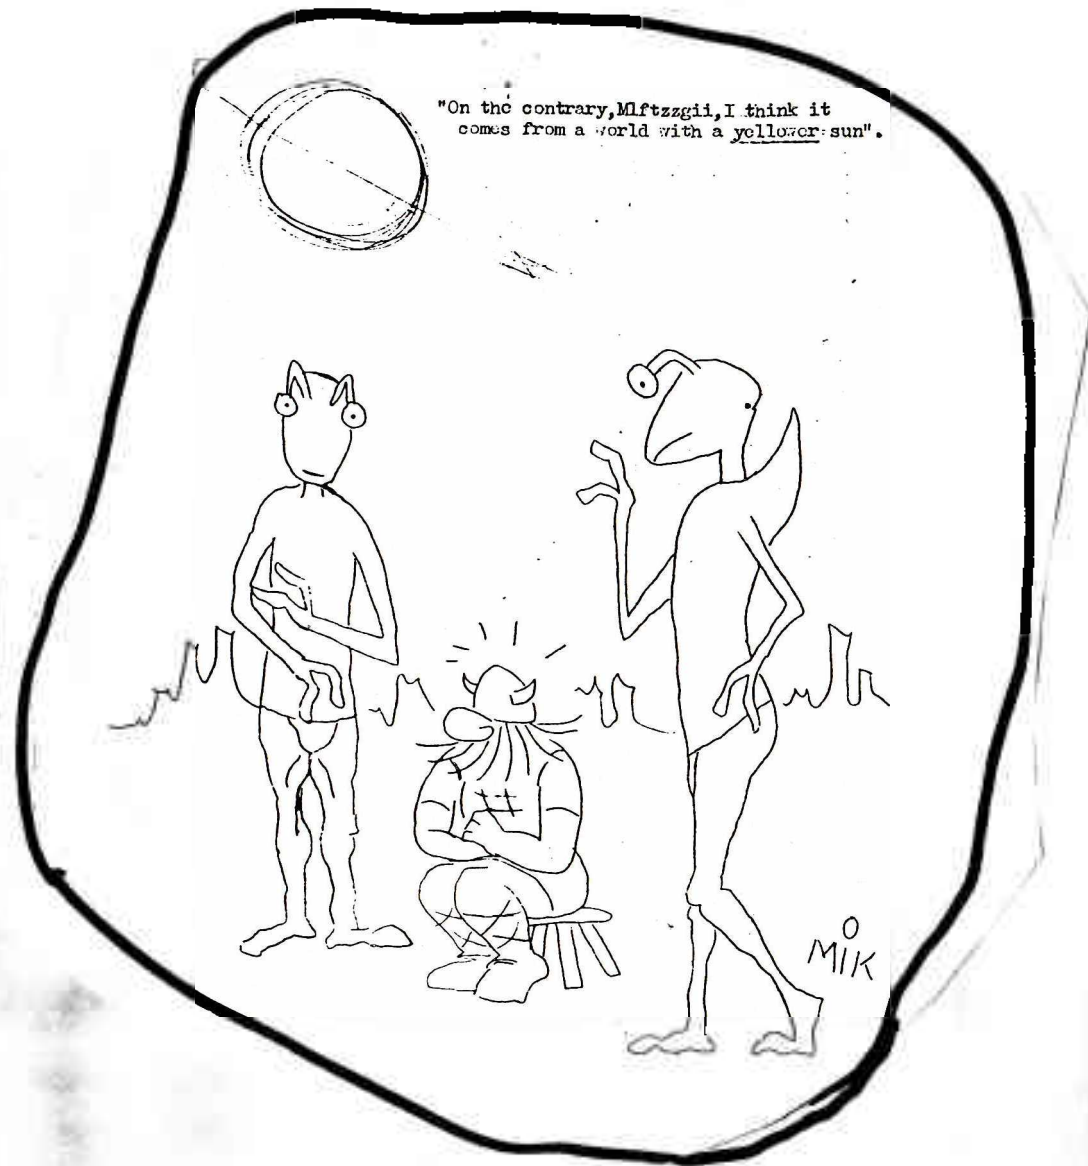

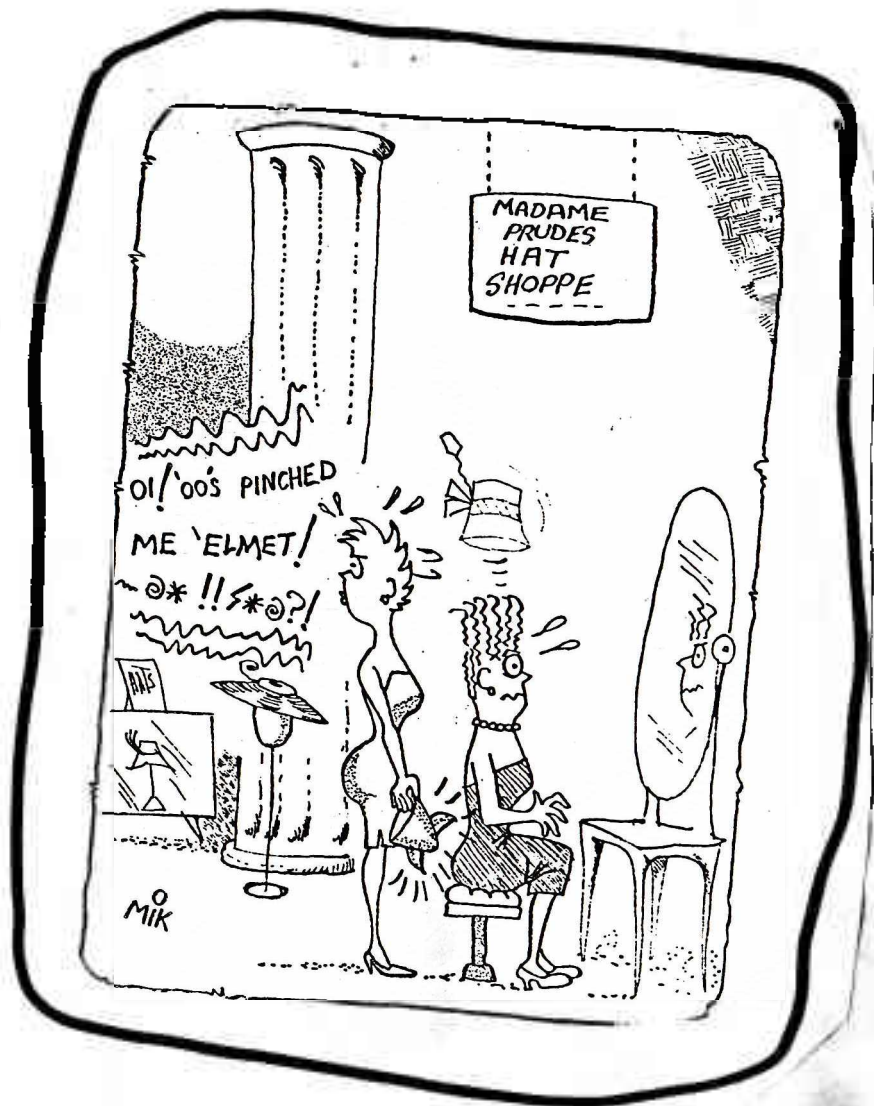

"Good grief! whatever it is its not even human!"

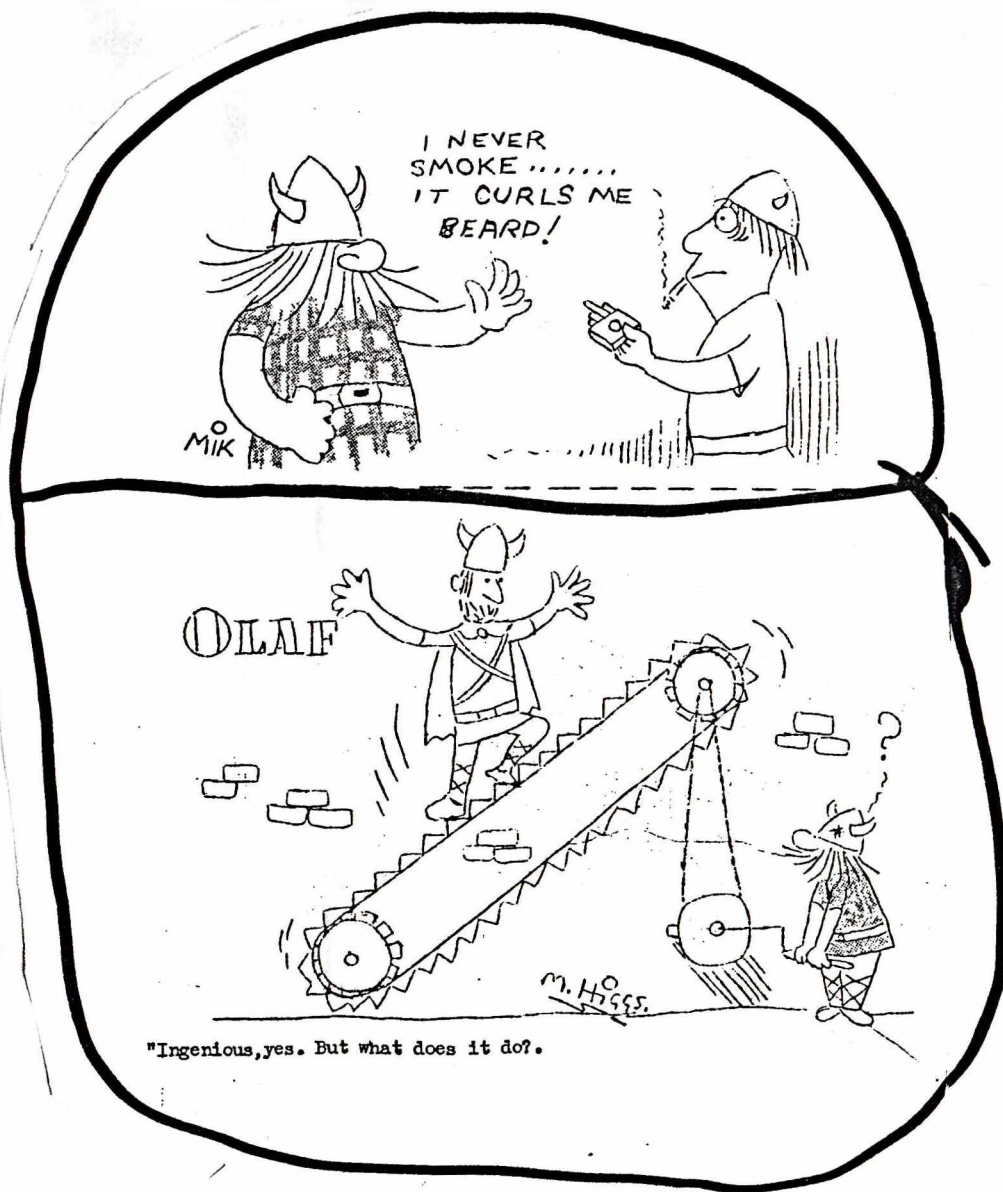

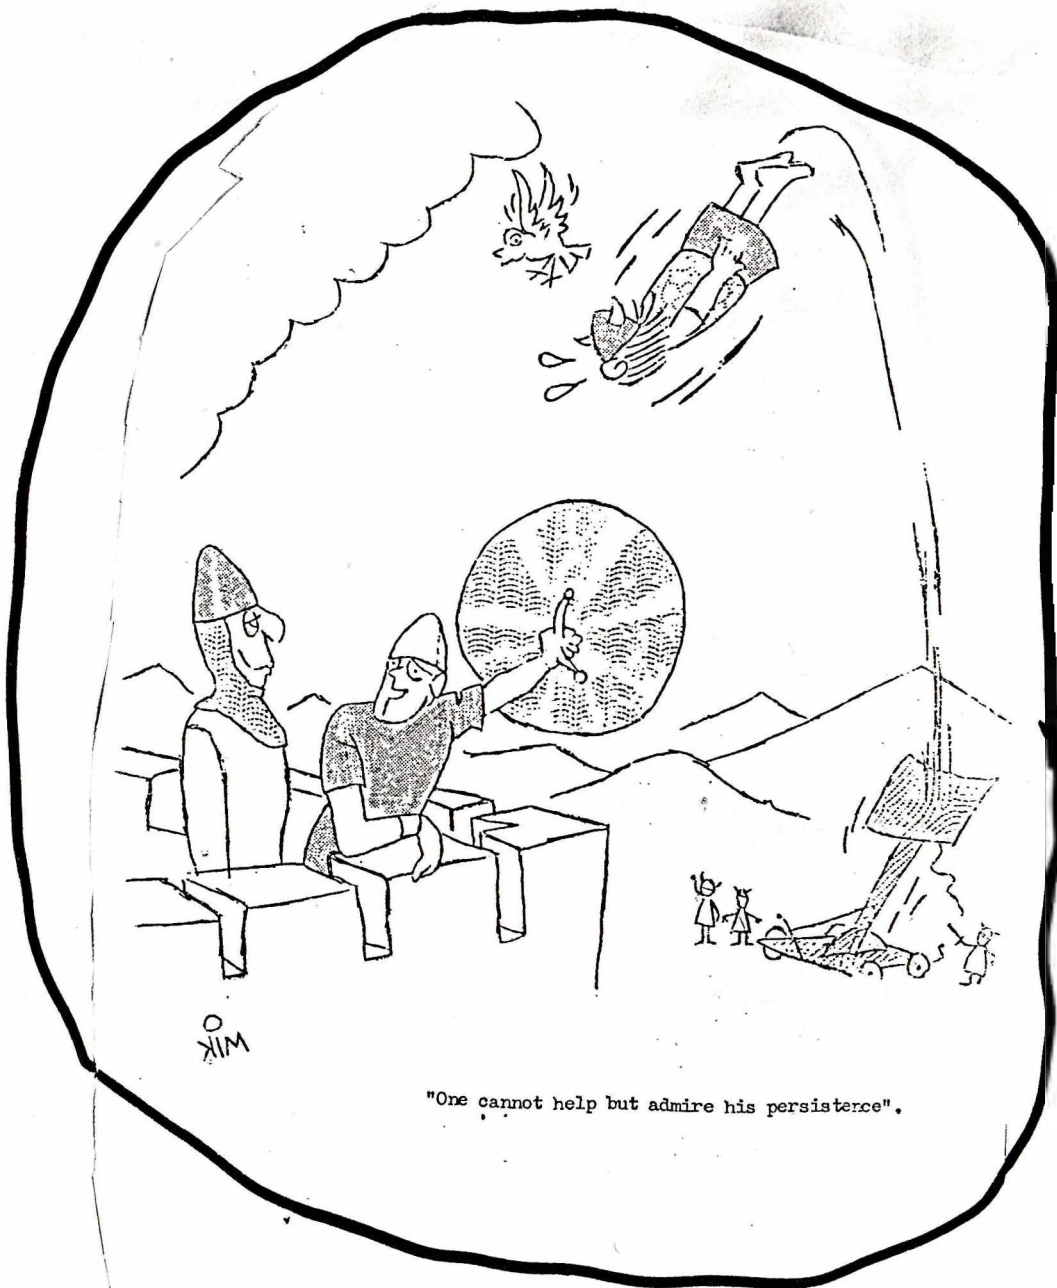

"BROTHERS! GET
A LOAD OF THIS
SPECIMEN OF
MANHOOD!"

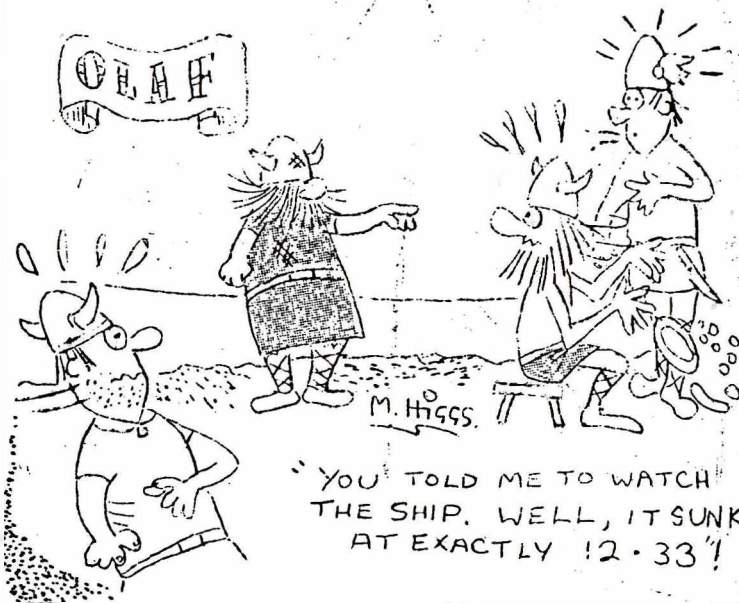

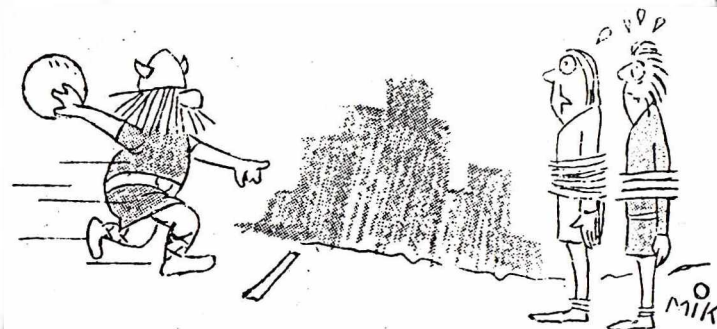

"STAND BACK,
ARTHUR...
I'LL DEAL WITH
THIS ---- "

"The irony of it is that we invented the game".

He says IT'S
EASIER THAN
DIGGING FOR
THEM—

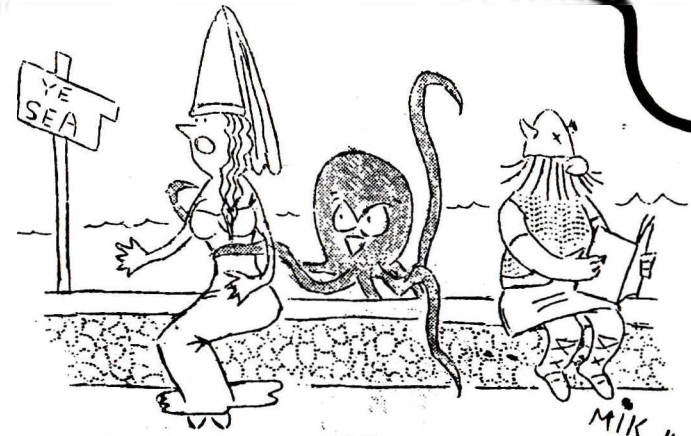

NO
FISHING
ALLOWED

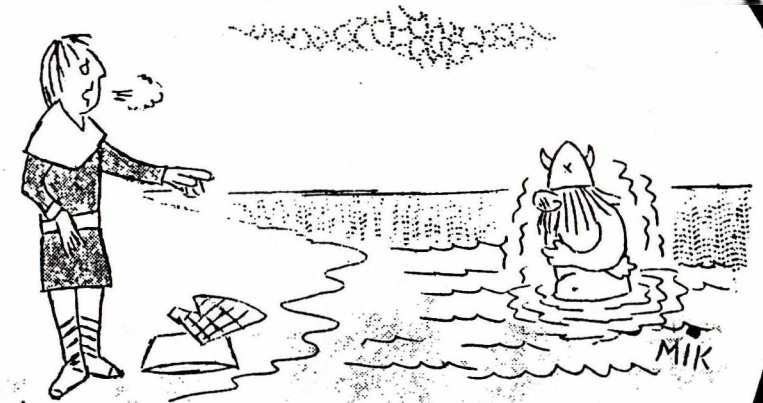

"THE EARLY BIRD CATCHES
THE WORM!"

"NO OLD BOY, DON'T RISK
IT! HE'S THE ONE WHO BIT
YOUR LATE UNCLE ALBERT!"

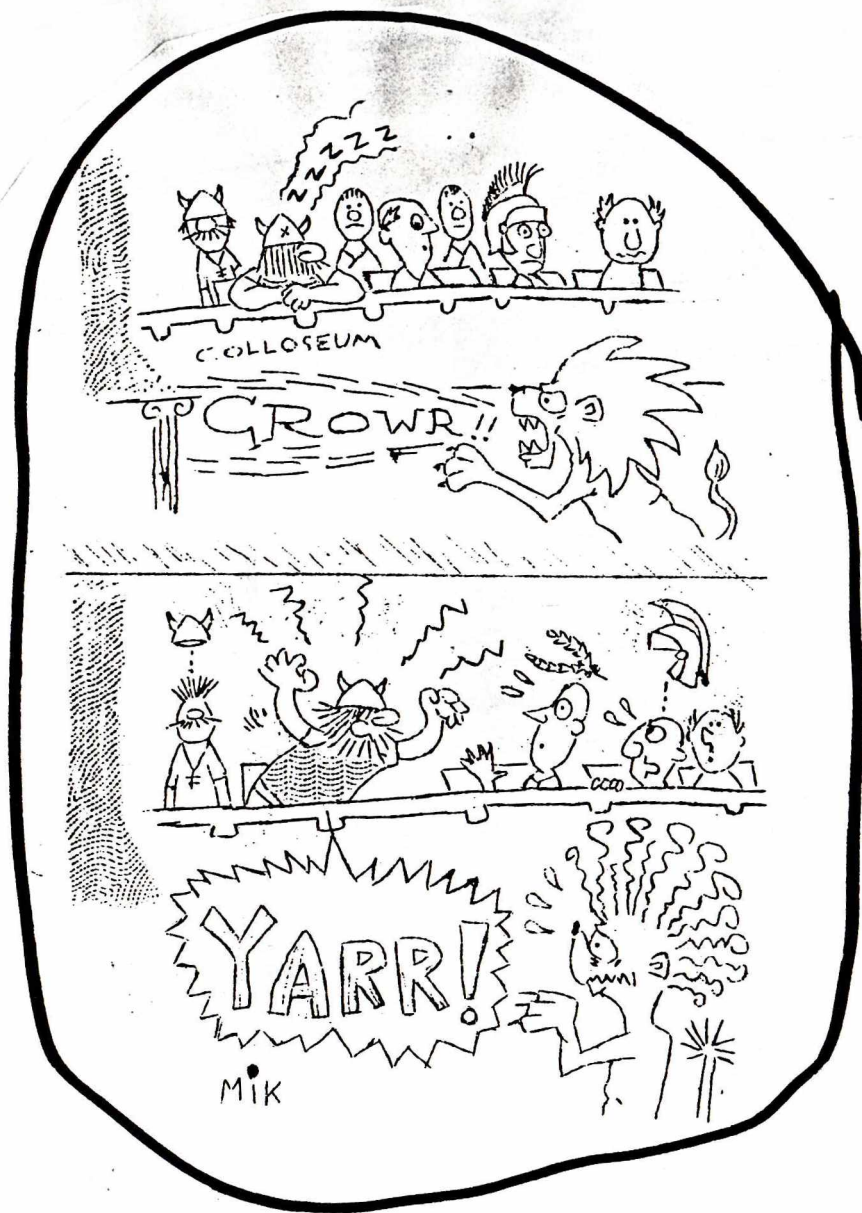

"STOP IT OLAF,

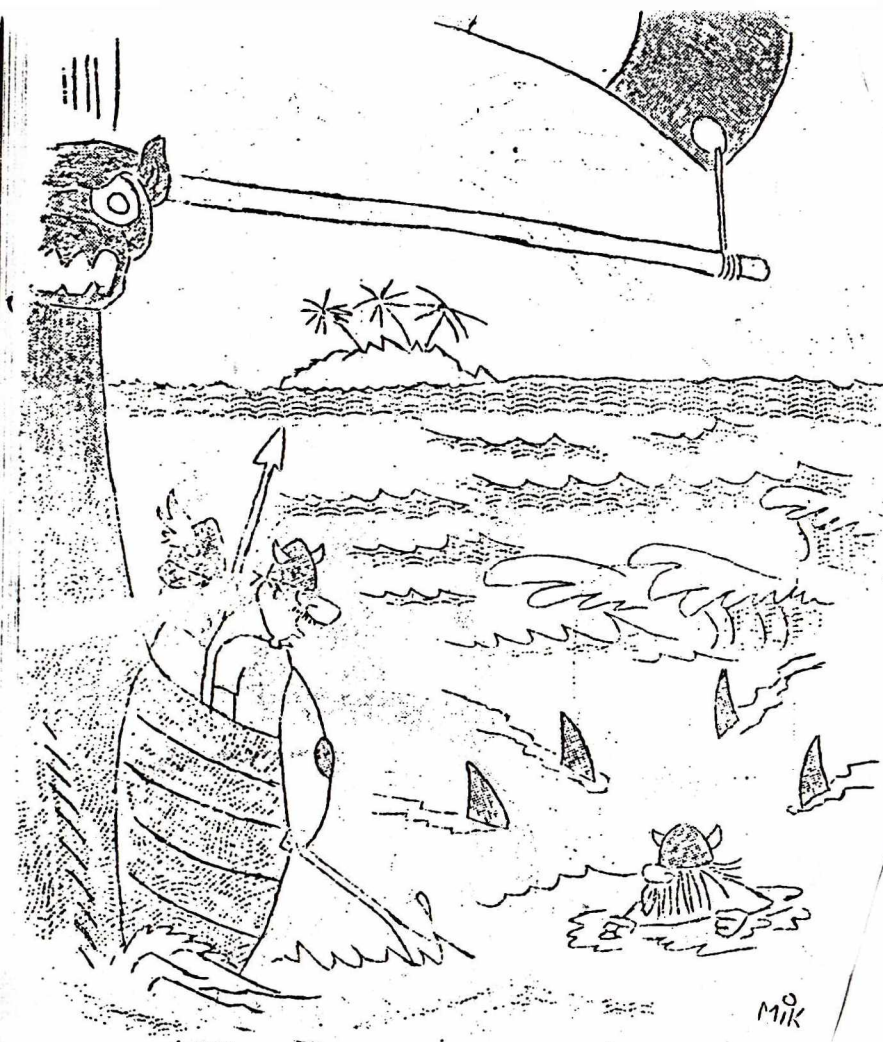

"WELL, WELL!
RISING FROM THE WAVES!"

VENUS,

"You realise of course that when word of this gets around we'll be the laughing stock of all Melanesia".

"What tickles me is their outraged expression when Olaf bites them back"

"I BELIEVE HE GOT IT FROM A XMAS CRACKER
THE LAST TIME WE SACKED YORK!"

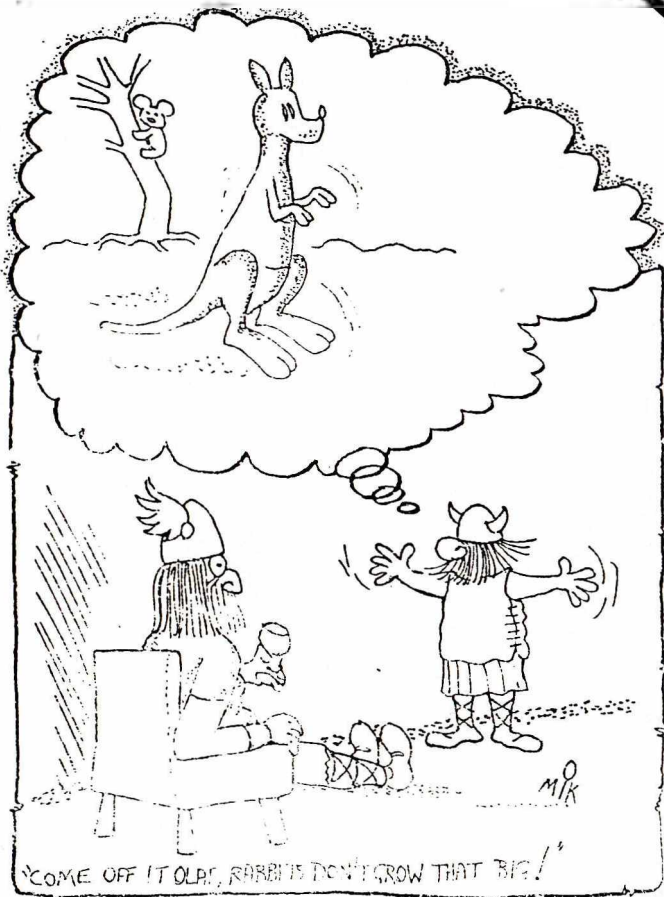

"It's no use getting all worked up at me. I only
carry out orders from Higher Up. And they say you
jolly well can't come in."

"I don't give a damn what Peter says, you're not coming in here! "

"DON'T BOTHER ME NOW CEDRIC, I THINK THERE'S A VIKING SHIP COMING ROUND THE POINT!"

"IT'S FUNNY YOU SHOULD
 SAY THAT, I ALSO GET
 THE FEELING THAT PEOPLE
 ARE UNCOMFORTABLE IN
 MY PRESENCE!"

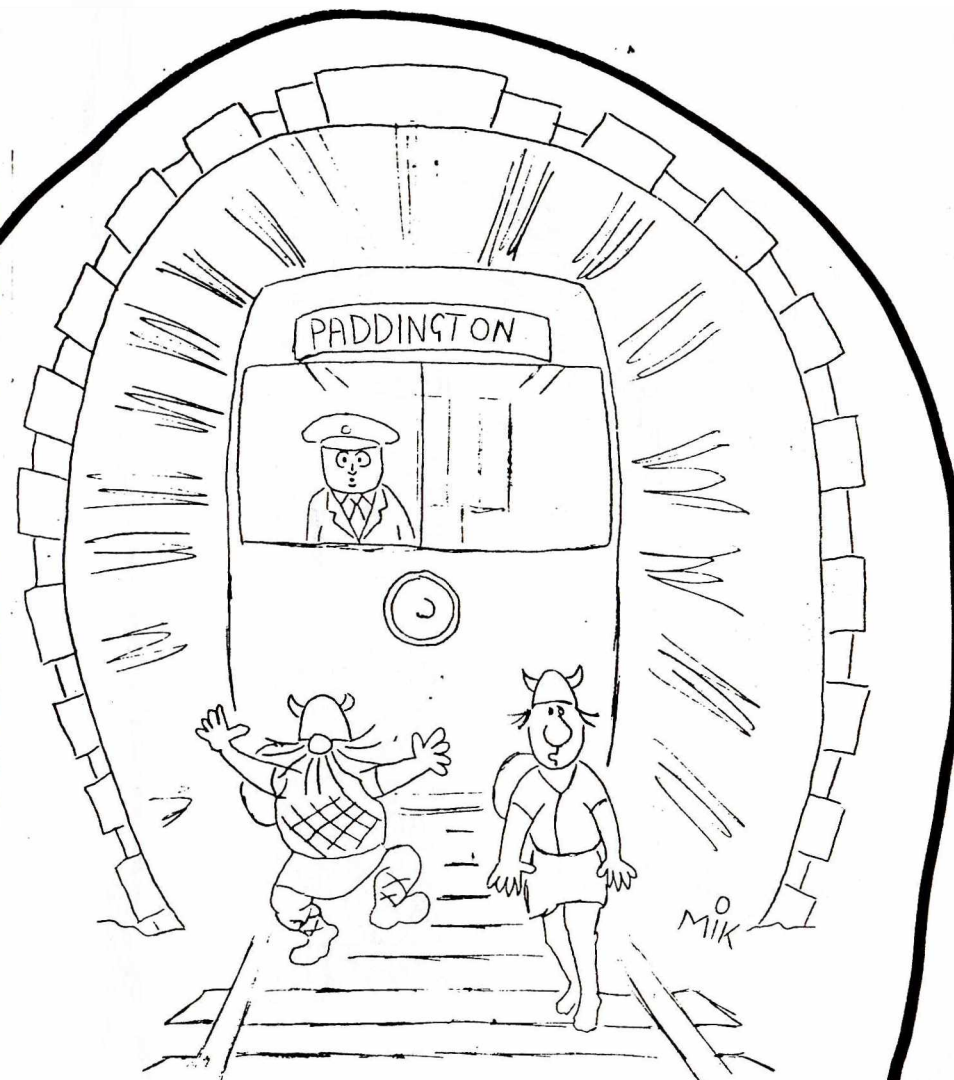

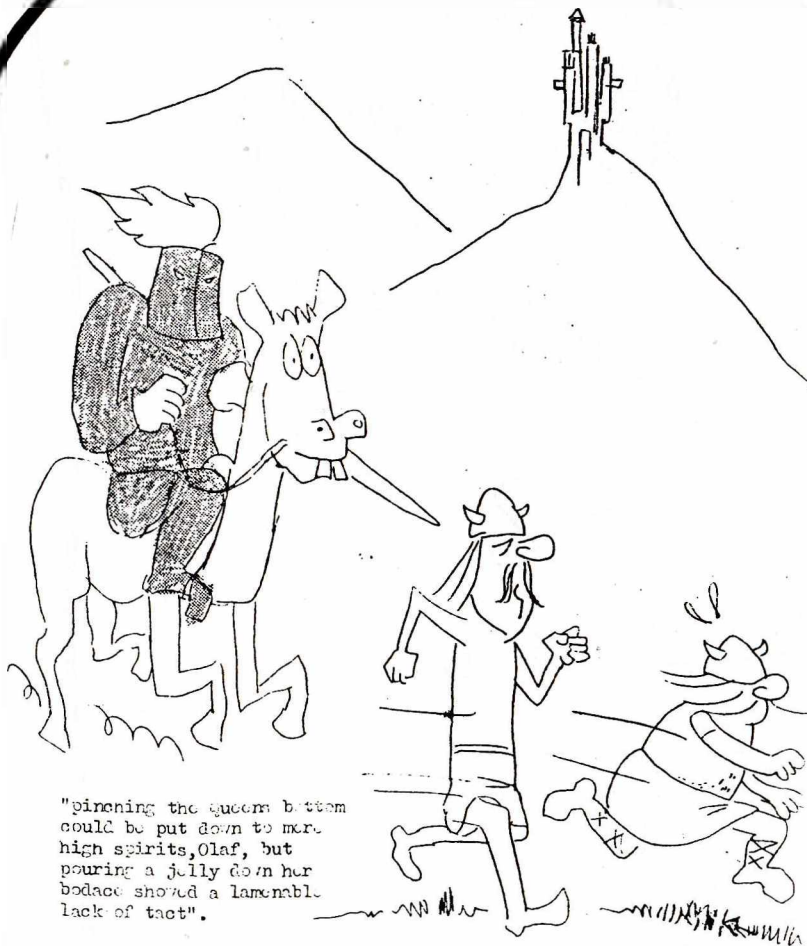

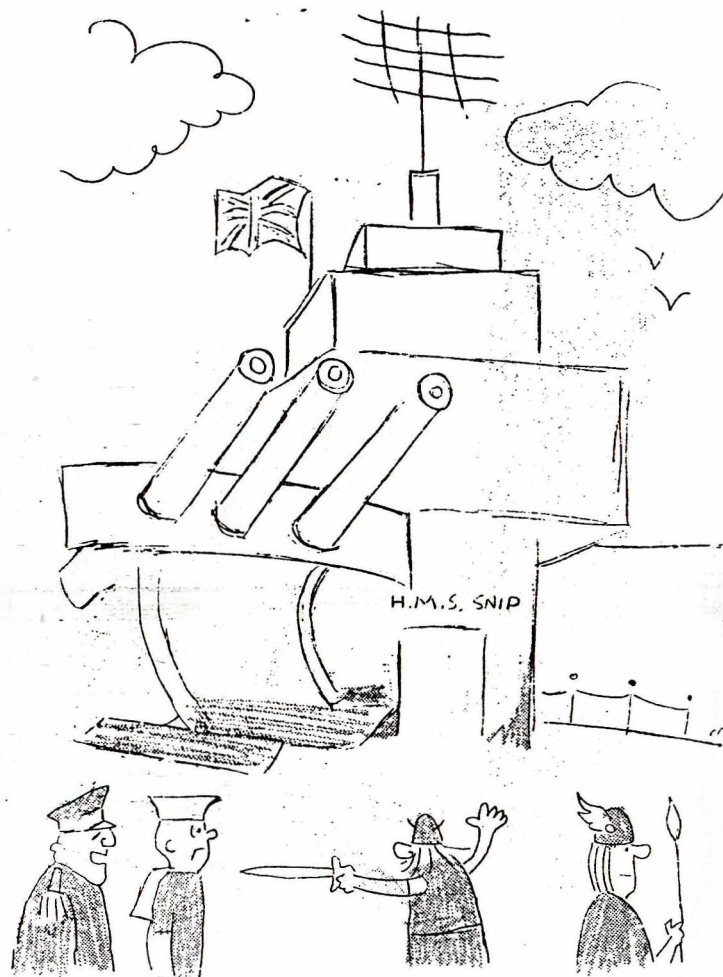

"If I've told him once I've told him a hundred times, never to wash his socks when the tides coming in".

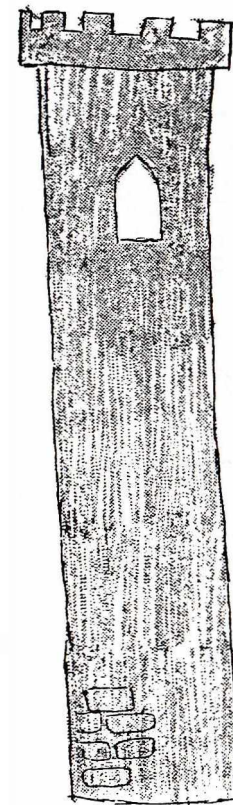

"Well, you remember that song the English minstrel was singing last night...the one about every cloud having a silver lining, well....

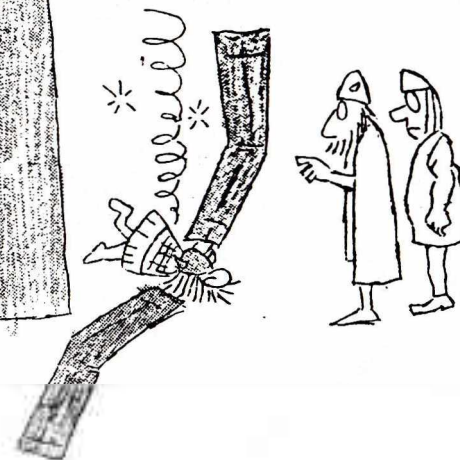

"I grant you that the idea of invading England by way of a tunnel from Norway is sound enough; in principle. But taking everything into consideration, not wishing to be a spoil sport, etc., I cannot help thinking that perhaps we should have stuck to the boats".

"Really this is too bad, Harris, enough firepower to sink the Isle of Wight and you let us be boarded by a bunch of ruddy Vikings in tin shirts".

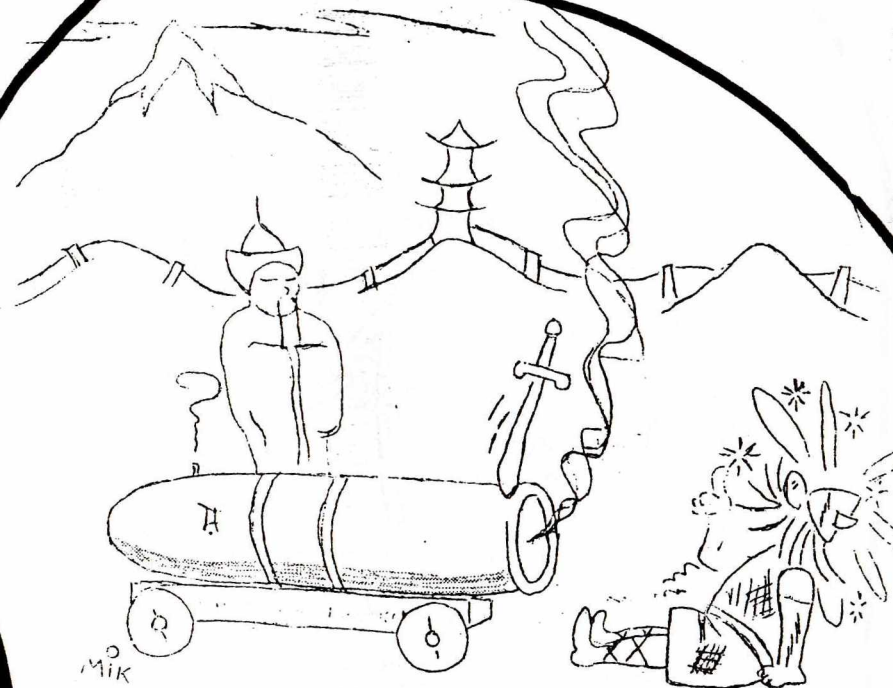

"..... and as he hit the ground he shouted something about lack of aerodynamic stability".

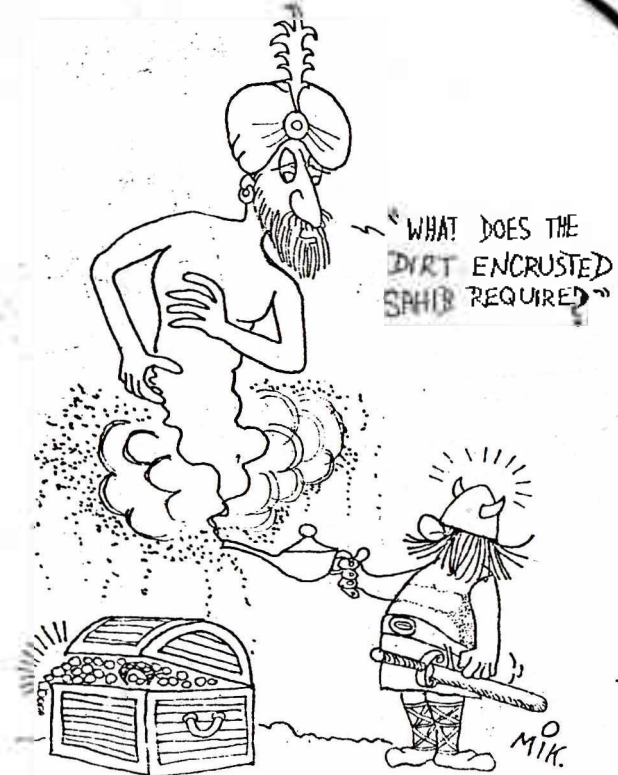

"Anyway, one night when he was strolling along the beach, he should've bump into but his dad's ghost. 'Hello, kid' says his dad. 'I'm sorry that I left you but there's something I'd like you to do for me.' 'What is it?' says Hamlet. 'Well', says his dad, 'it's like this.....'

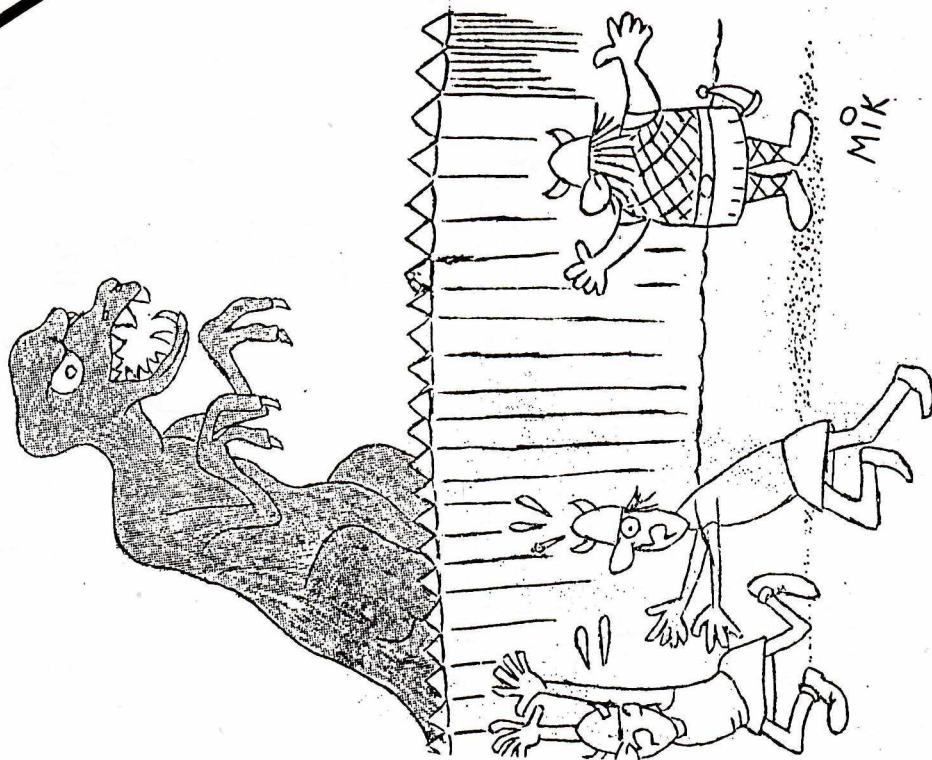

"Boom. Heh.hen. Boomi.....".

"Alamo eh?, that sounds like a nice peaceful place to spend my vacation"....."I only hope that Mexican bloke I pinched the horse from"

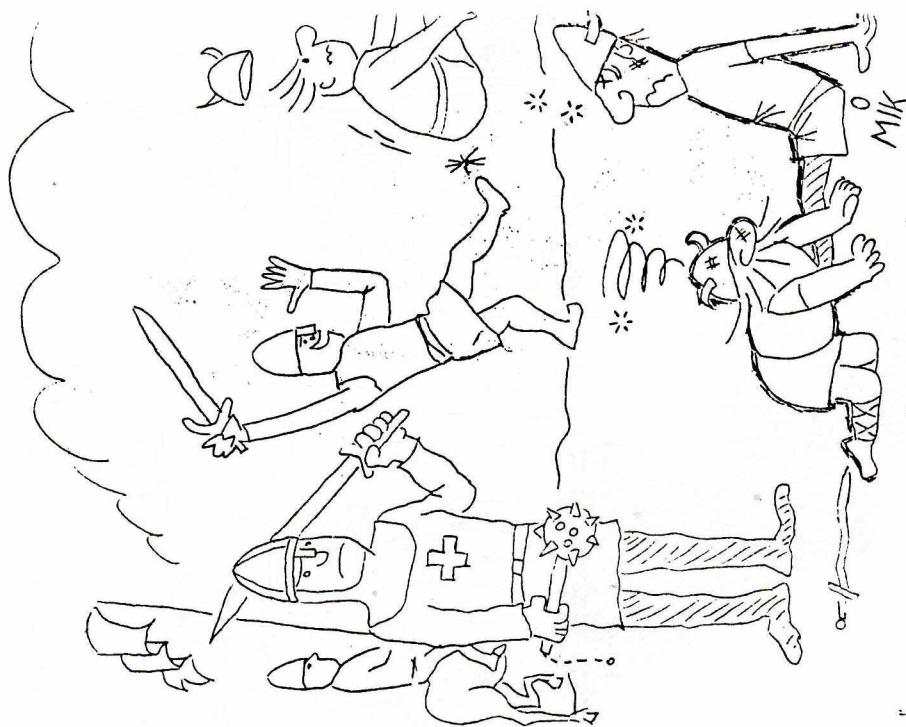

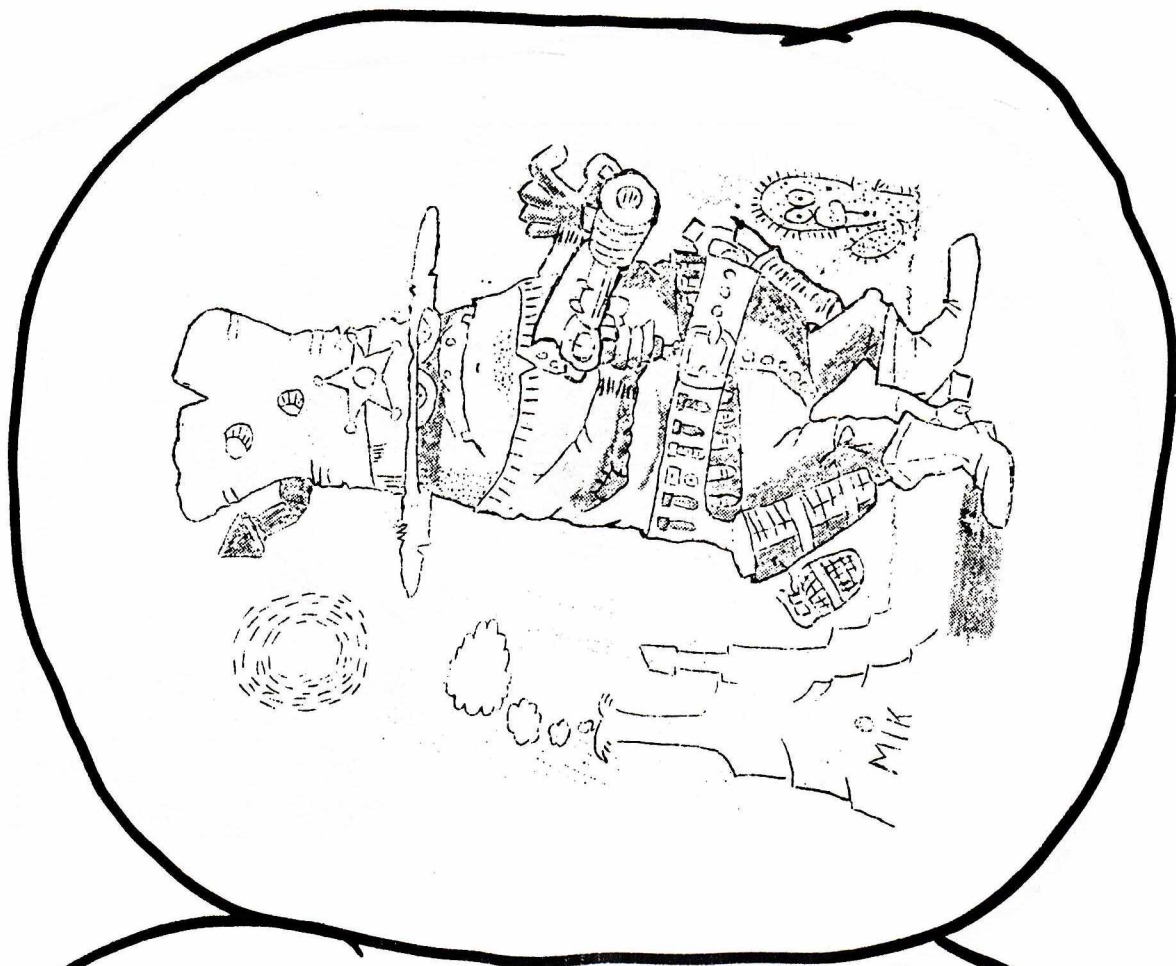

Mik

"Hey fellas, come back and see this big egg I've found".

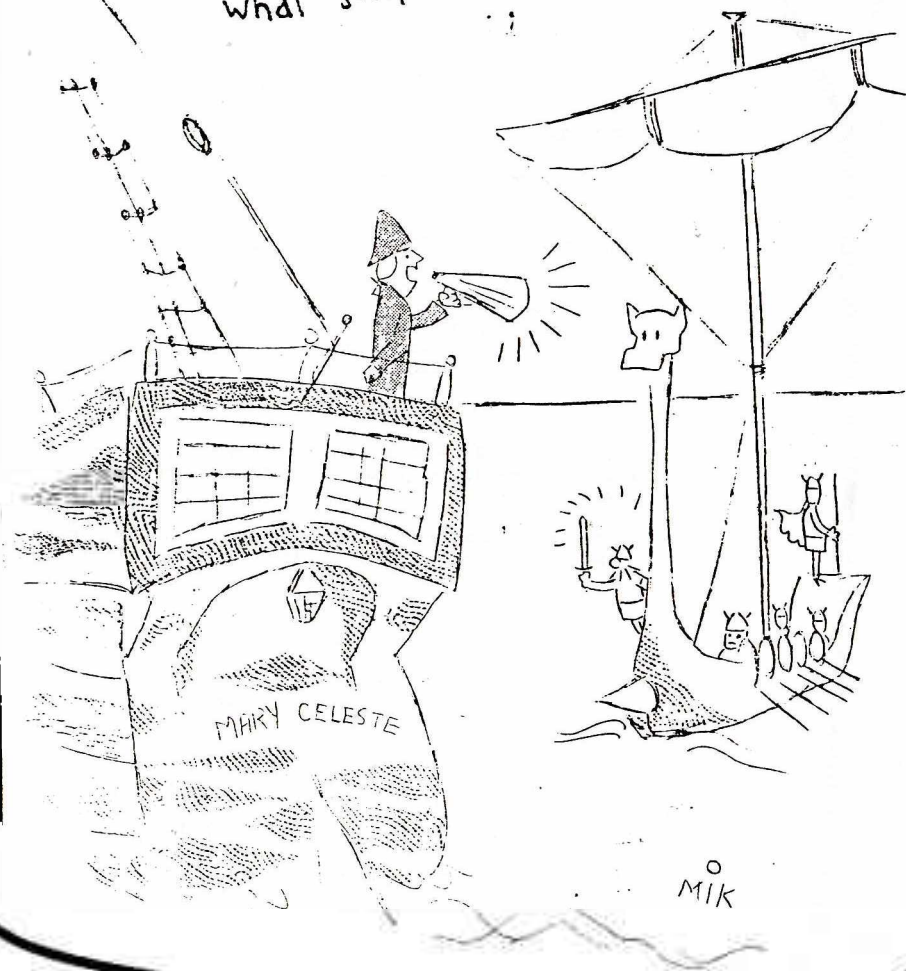

"I'm not sure what it is, Father Noah, but whatever it is I thank Jehova there's only one of them".

Damn me eyes! we didn't have
we didn't have all this trouble
when Ethelfred was alive!"

"Ahoy there.
what ship is that?"

A BARROW FOR CHARLES FELLS

Dear CV. this is what I mean by a wheel barrow. Altho this version is rather primitive all wheelbarrows are of this same basic design.

If you want to know about barrows, i.e. the type that the Barrow Boys use...well, Ella and Atom would probably provide an idea. Other barrows...well, you could read "THE T BERRY 'T A SPADE" by Bibby.....

ken.
