RESULTS OF THE BALLOT FOR DUFF 1986

There were 168 votes cast in the 1986 DUFF race: 53 in Australia (compared to 39 in 1985 and 38 in 1984) and 115 in the US (compared to 154 in 1985 and 63 in 1984). These were the primary votes cast in each country:

AUSTRALIA: SBeasley 2; TFrost 5; Loney/Muysert 6; Morley/Fride/Stathopoulos 39; No Preference 1.

USA: Beasley 37; Frost 25; Loney/Muysert 13; Morley/Fride/Stathopoulos 15; Hold Over 10; No Preference 12; Write-In 3 (John Bangsund 2, Wal Footrot 1).

Sally Beasley had resigned from the race owing to inability to attend Confederation, so her votes were distributed first. That distribution and subsequent ones are detailed on the following table:

candidate	1	2	3	4	5	6
Beasley	39	eliminated				
Frost	30	+12=42	+0=42	+7=49	+17=66	+1=67
Loney/Muy	19	+7 =26	+0=26	+0=26	eliminated	
Mor/Pr/Sta	54	+9=63	+1=64	+1=65	+6=71	+1=72 <u>elected</u>
Hold Over	10	+1=11	+2=13	eliminated		
No Pref / Exhausted	13	+10=23	+0=23	+5=28	+3=31	eliminated 29 exhausted
Write-in	3	+0=3	eliminated			

Key: Column 1: primary votes; 2: Beasley's preferences and new totals; 3: Write-in preferences and new totals; 4: Hold Over's preferences and new totals; 5: Loney/Muysert's preferences and new totals; 6: Preferences from "No Preference" distributed (by then 29 ballots had no further preference).

Congratulations to Lewis Morley, Marilyn Fride and Nick Stathopoulos who are the DUFF delegates to North America in 1986. They will attend Confederation .../2

and tour other parts of North America at that time. DUFF will pay for one airfare and one set of expenses. Further details of the trip will be available at a later date. The address of the new administrators will be:
