

DEGLER #19

GET IT
RITE
THIS
WEEK!

This is DEGLER! number 19, pubbed by Andy Porter, 24 E. 82nd Street, NYC for apa F and is subtitled, for this week, The NeoFan's Gazette

Cover, Marlo: A very nice job indeed. Is the man a fan or interested in sf?
DEGLER!#18, myself: Beneath comment, as usual.
Pointing Vector#23, This is Our City#2, Boardman: While I don't have the knowledge that you do of the candidates, I must say that your all-encompassing endorsements are a pretty impressive gesture. Do you know about Illinios' ballot for the house of reps there, where there are 277 candidates to be picked by the voter in 14 minutes, and if there are even one more than 277 checked, the whole ballot is invalidated? Seems pretty stupid to me.
MaLaises#1, DVA: The dirty bunch of copy-cats. Their first mailing was pretty bad, too.
OPO#16, Lupoffs: A giant issue, like usual. Little to comment on(I don't comment on con reports); liked your reviews, which will be in your column.
GREEN MUSHROOMS#1, M.Ike McI.&rich brown: I never did like to eat green mush, so I will not go into your room... Excellent duplication, rich, you are to be commended.
FanoMaticC#15,DVA:My ! ran away to eat pork chops. Much better duping than you've had.
First Draft#33,DVA: A pretty good crudzine, but not as good as Degler. Up your Taff.
Inside, Jon White: I liked your duping. Much better than QWERTYUIOPress ever is.

//// //// //// //// ////
Ted was complaining that I didn't have anything about him in the last DEGLER! So,
TED WHITE IS A GODDAMN DIRTY PRO!!!!
Are you happy now, Ted?

I made a deal with the English office at school; I'll do any posters they want, for free, if they let me use their dittos whenever I want to. Said deal to last for the next four years.
I have now crashed the Yandro barrier with an illo which was copied in shaky lines. I had an idea, and will be calling up Lee Hoffman to ask her about it, and also to apologize for hiding her shoes.

ALGOL is almost done, and will be run off within two weeks, hopefully on the NYU machines, by me, which is something that I have been aiming for.

There's not much more after this last sentence, so I think I'll put something down blow, or rather down below. Hoping you are unsane, I remain(der),
Andy Porter, S*A-Arms.
