This issue is messed up.

Talk about minacing it. Well, I've got an excuse this week: I've today just finished running off 15 pages of Algol, which puts me behind schedule by 7 sheets. So tomorrow I get up real early and start turning out the rest of this issue, all 16 or so pages of it.

There'll be a gala collating party at my house tomorrow night, September 11th; come any time after 6PM; the collating will be first, then we can have the party.

By the way, since the next issue of Algol will be coming out in February, 2 years after the start of the sine, it'll be my gosh-wow ohboyoboyoboy gala second annish.

Which means it'll be a lot larger than any of the issues so far, and be sure to top 70 -- 80 -- 90 -- maybe 100 pages.

So I'd like to get contributions as soon as possible from anyone who wants to contribute -- and I especially want artwork from you on the westcoast: Bjo, Harness, Rotsler, Simpson. How about it?

I think I'll end this ridiculous thing on one final note:

-----  
John Boardman, if giving candy to a child will ultimately save hundreds of lives, then I say give that child his candy!

this has been

and I promise that I'll be back to the usual 2 pages next week, so keep your knees loose --
