### President's Report

Bernadette Lynn Bosky and Arthur D Hlavaty have volunteered to be tellers for the election. Dr. Seth Goldberg states that there will be names on the ballot for each of the four offices, and has agreed to put Perdue's name in as standing for re-election. (Aside: This month Perdue will attend his high school fiftieth reunion in Casper, Wyoming. The only thing he thought important enough to have them list in the yearbook under "accomplishments" was "President, Fantasy Amateur Press Association.")

From a joint letter to officialdom from Roy Tackett: "Harry Warner has come up with a fine idea. To send copies of the 200th FAPA mailing to as many of the charter members of FAPA as it is possible to find. I think they might find it interesting to see what 50 years of FAPA has wrought."

New business: It is suggested that Harry Warner's proposal be adopted, under Special Rules Section 9.1 of the Constitution, and that Dr. Goldberg put it on the ballot for a simply yes or no vote by the members. On the assumption that the yes vote prevails, Member Jack Speer is requested to send a copy of the charter member roster to the new Secretary-Treasurer, and to Member Andy Porter with the request that he furnish current addresses for whatever former members he can supply.

Other new business: When Ma Bell broke up, the free long-distance information service became a thing of the past. It would be nice to have your area code and telephone number added to your listing in the roster. If you have no objection, just include it as an option with your next dues renewal.

Final business: The Secretary-Treasurer used to list the funds that members had on deposit. This courtesy has been placed in abeyance pending the election of a successor. Perdue assumes that this listing will be resumed when the membership records have been forwarded.

Personal: The liklihood is that Perdue is simply suffering from premature senility rather than Alzheimer's.

love to everybody

### Official Editor's Report

I would like to thank all of those who sent their dues to me. I have kept a list and will turn it over to the next Secretary-Treasurer. I am cashing all the checks at once this week and will directly use the money for postage for this mailing. A ballot is enclosed with this FA. Please send it to the tellers noted on the ballot by September 13.

I would like to second the idea of Harry Warner's and hope it would be possible to also include as many as practical of those who showed heavy activity in earlier days in FAPA even if not precisely charter members.

There is always the inevitable practice of people sending their zines at the last minute. Over half the FAPazines arrive in the last week before deadline. This time a new record was set for a single day in that on Tuesday no less than eight packages arrived at my post office box. They even gave me a USPS container to carry them to my car in. But at least it was four days before the deadline.

The meaning of "tentative" on the ToC is for zines that I have been told will be delivered at collation or know were in the mail in time to arrive. Essentially it means that when I type the ToC late Friday night that it is a zine not in hand and could potentially not appear in the mailing. If you are worried that your zine may be postal delayed, drop me a note or call and I will consider holding the mailing a day extra if convenient (no guarantees). If a zine is delivered on collation day without my being told or manages to appear before I seal up the envelopes, it will still go into the mailing but not be listed in the ToC. If you call about a zine being sent, tell me the title and the number of pages (for the ToC).

Once again I remind people to please send at least 68 copies and preferably a couple more to make the collators' life easier. The surplus stock does get used, both in sales to increase the treasury and to replace lost or destroyed mailings. Please remember that the Sec.-Treas. can not count for renewal credentials any zine that sent 65 instead of 68 copies.

I will mention again that any mail sent via the postal service (including express mail) should go to the PO Box. Only use my street address for mail that requires one (such as UPS) and keep in mind there will be at least a day's delay as I have to leave my signature on the door after receiving first notice. The problem is that I am not home during usual mail delivery times. I always try to leave my signature on the door on Fridays before the deadline but there have been occasions when I forget or the UPS person misses it. I can use the same procedure with Federal Express but warn me in advance if arriving on Friday or Saturday. If you use the Post Office Express Mail, try to mail by Thursday. The station my PO Box is at will not deliver mail on Saturday that requires a signature (or packages bigger than my PO Box which fortunately is large enough to hold 10"x13" envelopes flat and 6" high), though I do get regular mail in the morning. If desperate, though not recommended, you can Express Mail on Friday before deadline to my residence address but you do run the risk of my being at my PO Box or photocopying when the mail arrives.

The surplus stock sale continues as a regular and apparently popular feature. Cost will be for recent mailings \$4 each complete mailing plus \$2 postage for the first one and \$1 for each beyond that. Preference will be given to waitlisters. The most recent mailing will always not be available so that those bundles can remain for their primary use, replacement for copies lost in the mail. Currently available mailings are 193 (1 copy), and 195 (2 copies). While at the 1984 Worldcon Ed Cox gave to me a batch of surplus stock from his time as OE. For these I will be charging \$6 each (considered more valuable due to age). Available are 176 (August, 1981, 3 copies), 177 (2 copies), 178 (4 copies), 179 (1 copy), and 180 (2 copies).

Ballot proposal from Elmer Perdue:

Shall Harry Warner's suggestion, that copies of the 200th mailing be sent to all charter members of the FAPA that can be found, be adopted?

Yes \_\_\_\_\_

No \_\_\_\_\_

Clarification (Perdue): As originally constituted, membership was limited to fifty, which wasn't reached until about 1941 or so. Perdue guesses that maybe 25 charter members can be found. To avoid constitutional amendment up to an indeterminate number, for one mailing only, it is further proposed that participation in the expanded mailing will be on a voluntary basis. The secretary-treasurer will tell the OE how many qualify; the OE will notify in mailing 199 the number of copies required for the membership (68) and the additional number required to participate in the supplemental.
