# FANTASY-NEWS

the science fiction weekly newspaper.

PRICE:  
THREE  
ISSUES  
TEN  
CENTS.

While this particular issue of FANTASY NEWS is dated March 30, 1941, this page is being put to bed on July 5, 1941, almost exactly three months later. Gasless Sundays are not the only result of the defense program. For the past several weeks we have been having FANTASY NEWS-less Sundays too, and for the same reason. You just cannot work overtime every weekday including all day Saturday and expect to put out a weekly paper.

The last two issues of FANTASY NEWS which appeared on time were the Monday, May 12 and the Sunday, May 18 issues, whole numbers 148 and 149 (erroneously marked 149 and 150). The May 12 issue was correctly numbered Volume 6, Number 13. We are letting this issue complete Volume 6. The next issue will be the THIRD ANNIVERSARY ISSUE, and will be numbered Volume 7, Number 1. It will positively appear on or before Sunday July 20. The price to non-subscribers will ten cents, while regular subscribers will receive it as a regular issue included in their subscription.

Beginning with the THIRD ANNUAL NUMBER, we hope to resume weekly publication of FANTASY NEWS. We have secured the services of a new reporter whose worth has been proven by the successful issues of May 12 and 18. Our sources of out of town news are again being developed, so that if all goes forward as planned, FANTASY NEWS will again take its place as the leading science fiction weekly newspaper.

Also beginning in our THIRD ANNUAL NUMBER, we will use photographs for the first time. We have discovered a special process by which we have been able to reduce the cost of such photographs to nearly one-third of that previously used. Since this is an experimental process, the results are awaited with much anticipation.

The THIRD ANNUAL NUMBER will also inaugurate a new policy for FANTASY NEWS. All straight news items will be clearly designated as such. All advertising and editorial matter will also be clearly identified. A PRIZE OF ONE DOLLAR CASH, will be paid to anyone supplying written, documentary proof, or otherwise clearly authoritative evidence of the inaccuracy of any item published as straight news and outside of the clearly defined editorial or advertising copy. Henceforth, all news in FANTASY NEWS will be confirmed AT THE SOURCE, or it will not be published as straight news.

FOR ACCURATE, AUTHENTIC NEWS OF SCIENCE FICTION, READ FANTASY NEWS.

There will be no increase in subscription price. The charge is still 3 issues for 10¢, 8 issues for 25¢, 32 issues of One Dollar.

BOOST SCIENCE FICTION and read FANTASY NEWS!

stories his covers have illustrated, wanting to buy the cover from Rogers, because they liked it so much. ROGERS does not sell STREET & SMITH the actual cover, but just the right to reproduce it.

HARRY WALTON is at present doing editorial work for POPULAR SCIENCE. He had an article published in POPULAR SCIENCE, the March issue.

JOHN GIUNTA is now hard at work on two cartoons, one for a new magazine, another for TARGET COLICIS. One is fantastic, the other detective.

a new column of news about magazine and books, with a slight touch of fantasy, CFF-TRAIL NEWS

THE ANGEL, is the name of a new 10¢ detective magazine to be published soon by RED CIRCLE, the publishers of MARVEL STORIES and UNCANNY STORIES. The magazine is of the SHADOW type featuring a super detective named THE ANGEL. More details on this magazine later. (JG)

This month THE SHADOW is celebrating its 10th anniversary, with writeups in PIC, PH and NEWSWEEK. The writeup in PIC shows pictures of GRAVES GLADNEY one time cover artist of ASTOUNDING and other persons connected with THE SHADOW. (JT) The lead story of the Phantom Detective in the July PHANTOM DETECTIVE MAGAZINE has been written by Henry Kuttner. Mr. Margules stated that Kuttner has done quite a bit of detective story writing for STANDARD under company's names. This one of the Phantom Detective is the longest. (JVT)

A news semi-stf character will appear in THRILLING ADVENTURE starting with the May issue on the style of Doc Savage. His name is THUNDER JIM WADE and he has among other things a "sub-plane-tank" named the THUNDER BUG which can fly in the air, under the ocean, on the ocean and over land. The novels will appear monthly in T.A. and are written by CHARLES STODDARD, which is the pen-name for a well known stf author. Leo Margules dares us to guess who he is. (JVT)

MUNSEY has suspended publication on their RED STAR ADVENTURES, RED STAR MYSTERIES and BIG CHIEF WESTERN, but states that they may be reissued in the near future. Their magazine 5th COLUMN has been dropped for good. (JVT)
