Torcon-2 Edition

ACTUALLY THE HEADLINE WHICH WAS ON YESTERDAY'S FFNL SHOULD HAVE BEEN ON THIS EDITION OF FFNL. The First Fandom Party is tonight in Room 9-264.

FF

FFer JOHN MILLARD, TORCON CHAIRMAN, deserves special credit for these two convention issues of FFNL as he suggested use of the special facilities of the Gestetner people with their electrostencil cutter--all for free. The free sweat was supplied by your ed.

FF

DON'T MISS THIS: the "All Our Yesterday's Room" just outside the main convention hall! If ever you've seen a con display to gladden the heart of an old timer, this is it! See photographic evidence of the teenage depravity of the thirties! This is OUR LIFE! Don't miss it!
