

ISFANEWS AUGUST 1976

NEXT MEETING AT: Maydene Crosby, 7333 St. Rd. 25 N., Lafayette IN. 47905
Saturday, August 21, 1:00 p.m.

Posacon attracted a lot more people than usual; it's rather strange how all these new members start showing up just as I'm preparing to leave, as if they were waiting for the proper moment...But it's a healthy change from my usual habit of breaking up clubs by joining them. We found a manila file folder and a red thermos top after the meeting, so if you've been missing these items, now you know what happened to them. We'll probably be bringing them to the next meeting, but it might help if you dropped a card to let us know who gets what.

Map below should be fairly self-explanatory, but finding Maydene's place is an adventure in itself. Have fun!

Not much has happened; I played in a couple of speed tournaments in Marion and won some money, and think that I've got my housing arrangements finalized.
