

SOMETHING MUST BE DONE TO COMBAT

THE RISING TIDE OF

SHAPIROISM

The perpetrator of this deadly "ism" will be returning to Detroit soon. Therefore, I am appointing

MYSELF

president of the Detergents (nee Michigan Science Funny Society) and call a meeting at my home, 13444 Glenfield, to be held Wednesday, August 6, at 8:00 P.M. 8/6/

Beer and other refreshments will be served and we will discuss ways and means of combatting the disease.

Be sure and come (and do not tell Singer and Moore).

HOWARD DEVORE
