LAST REGULAR MEETING was the April Fools party, held at the home of Howard Devore. This party had a fairy atmosphere.

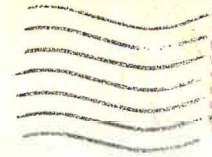

SPECIAL MEETING April 4th was also held at the home of Howard Devore. At this meeting the club membership was interviewed by Mr. Donald Wilson, Detroit correspondent of LIFE magazine. Mr. Wilson is gathering information on fandom in the Midwest, to be incorporated in a general article on stf-fandom which LIFE will publish in the near future. He spent about 4 hours getting the inside dope on such fannish matters as; fanzines, prozines, BEMs, Insurgents, fuggheads, "fandom is a way of life", Slan Shacks, The Cosmic Circle, conventions, conferences, "The Bombing" and egoboo.

At the special meeting, Martin Alger was elected Director of Publications. He wishes to state he will try to carry on in the tradition of the last 4 or 5 Dirs. of Pubs.

The illustration above was drawn and this special color ink mixed, just for the benefit of those MSFS'ers who are young, healthy and in 1-A!

This notice I'm mailing Thursday is the one I would have mailed Monday, if Sims had told me where the meeting was to be held.
