

THE

MICHIFAN

is the bulletin of THE MICHIGAN SCIENCE FANTASY SOCIETY, published by Martin E. Alger, MSFS President and run off on the AHMF\$3.75 mimeo.

THE NEXT MEETING will be Saturday, April 5th, at the home of Paul Werthmann, 16010 Evanston, Detroit. Phone TUXedo 5-7081. Meeting will start around 7:30 or 8:00 PM, as usual. The important point of this meeting is that it will be the meeting at which material for activity credits must be handed in. If you want to remain a member of the club you better be there with either the material you owe or a darn good reason why you should be granted a stay of execution! There will have to be a few exceptions made as some were to earn credits by stenciling and mimeoing, editing etc. and of course, they can't be blamed for not working on the mag when the material for the mag isn't in yet.

THE LAST MEETING Was held at the home of Gordon Black and was larger than usual, with around a dozen fans present as well as several prospective members.

THE 3-DIMENSIONAL PICTURES taken several meetings ago are finished and will be seen at the meeting. (Ben Singer in 3-D is just as hilarious as in real life.) Come. See. Laugh.

Martin E. Alger
MSFS President
