

Of Members and 'Zines (and Egoboo Polls), February 1986, is compiled by Peggy Rae Pavlat of 5709 Goucher Drive, College Park, Maryland 20740.

The intention of the index is to make it easier to vote in the FAPA Egoboo Poll which should be included in this mailing. Of Members and 'Zines indicates the name of the fanzine, the mailing date and the number of papers of each member's FAPA activity, whether it is published in that member's zine or in another member's. The index tends to ignore franked material. Letters which are printed credited to "Frank" or "Charles" are likewise ignored in frustration unless the author is apparent from the context. Ed Cox and a few other members with very distinguishing styles get credited with their material even though there is no notation within the fanzine...however, the necessity for such guessing games is highly discouraged. I tend to believe the credits which are listed within the fanzine.

Notations to the right of the mailing date (Feb, May, Aug, Nov) signify that the person post-mailed the material (PM) to the mailing noted or had material in another person's fanzine (let = letter; art = art; article = article). If there were any post mailings this year, I missed them.

When the publisher/editor of a fanzine is a member of FAPA and material by another member included within the fanzine is indexed, the editor/publisher is noted in parenthesis immediately after the title of the fanzine. If no activity is noted after a person's name, then no activity was noted in the mailings or postmailings.

Notations of which individuals have held FAPA office during 1985 are also included in the index.

of letters and lines (and good looks), February 1952, is compiled by Betty  
and volume of 2700 Gander Drive, College Park, Maryland 20740.

the intention of the index is to make it easier to locate in the FAPA Index  
which should be included in this mailing. Of letters and lines  
the name of the fanzine, the mailing date and the number of pages  
of the fanzine's FAPA activity, whether it is published in that fanzine's line  
and other members. The index tends to ignore fanzine activity. Letters  
are listed as "Tracks" or "Charts" are listed as "Charts". It does not  
indicate where the author is apparent from the context. It does not  
other of them with very distinguishing styles are credited with their  
mailing date. However, there is no notation within the fanzine, the  
usually for mail guessing games is highly discouraged. I tend to believe  
the letters which are listed within the fanzine.

to the right of the mailing date (Feb, May, Aug, Nov) strictly  
the section post-called the material (PM) to the mailing code or had material  
of other people's fanzine (let = letter; art = art; article = article). If  
there were any past mailings this year, I missed them.

the publisher of a fanzine is a member of FAPA and material by  
number included within the fanzine is indexed, the other  
to be immediately after the title of the fanzine. If no  
activity is noted after a person's name, then no activity was noted in the  
mailing or past mailings.

of which individuals have held FAPA office during 1952 are also  
included in the index.
