

OF MEMBERS AND 'ZINES (and Egoboo Polls), February 1991, is compiled by Peggy Rae Pavlat of 5709 Goucher Drive, College Park, Maryland USA 20740.

The index continues. Again this year I've derived tremendous enjoyment from reading the mailings. What an interesting group! Don Thompson's fanzines have been a joy filled with friendly scholarship. Here was another human being with whom I was simpatico - and he's gone too. What a tremendous loss to FAPA. (And to his Carolyn.)

This index is intended to make voting easier in the FAPA Egoboo Poll. The name of the fanzine, the date of the FAPA mailing and the number of papers for each member's FAPA activity, whether it is published in that member's zine or in another member's is indicated in Of Members and 'Zines. An 8½ by 11 page is a page is a page. Regardless of the print size. (Unless it gets too large!)

The index tends to ignore franked material. (Which is why the club zine Speer edits doesn't get listed, along with the interesting Smart-Ash from Tom Feller.) Editors seem to have been better about unattributed letters this year than last, but when they appear, they are ignored in frustration unless the author is apparent from the context.

Once again Russ Chauvenet has indexed the art in the mailings. Because he included materials by individuals not in FAPA, I am including all the artists whose work he indexed, even though this is different from my rule (members only). (Under the generally applicable theory that "You do the work, you get to make the decisions ... mostly.")

Notations to the right of the mailing date (Feb, May, Aug, Nov) signify that the material was post-mailed to the mailing noted or had material in another person's fanzine (let = letter; art = art; article = article; PM= post mailing). When the publisher/editor of a fanzine is a member of FAPA and material by another member included within the fanzine is indexed, the editor/publisher is noted in parenthesis (usually) immediately after the title of the fanzine. If no activity is noted after a person's name, then no activity was noted in the mailings or postmailings.

This year I noticed, for the first time, mailing comments from one FAPA 'zine being re-printed in the commented upon 'zine. This appeared to be a method of communicating these comments to people outside FAPA. In the cases where I noticed this occurrence, the page count was not needed to retain either membership. (These are noted "reprint".)

Notations of which individuals held FAPA office during 1990 are included in the index.

As I mentioned in my other FAPA 'zine this time, my sister-in-law (Bob's sister) died last week. I would not mention it twice, except that sadly, I must note for people who may wish to use this

OF MEMBERS AND 'ZINES

year's index in the future, that the familiar feeling of not quite being able to understand even pretty simple things is back in full force. I've caught quite a few errors as I've typed this index. It's unlikely that I caught all of them. My apologies.
