

PERISCOPE No. 2.

First, PERI - We haven't a clue as to why PERI hasn't appeared. Our last letter from Tony Cooper was dated sometime August. He said that he couldn't possibly get PERI out before Sept. 1st. O.K. we said. Sept. 1st rolled round. No PERI. We wrote asking why. No reply. Again we wrote. No reply. So you see, we know as much about PERI as you do. That is NOTHING. Better write Tony. He'll perhaps clear up the mystery.

Now to happier things. Membership of the Fanatics now numbers 16. About half-a-dozen fans are considering it.
