

Another Issue I been thinkin bout

by Bebye George Poulwette

The oceans I been thin kin
bout. They get plugg don't
they? Now there are terrorins
organization like Arcada frum
India, ARabi er Italy. Or
some plce like that. Spese
Arcade er one e them,
tererism organizatines
castches hold ef em. They
could pull the plugg and we'd
be worse than up shits creep
wifout a paddle. No watr to
paddle in, right? Se I get th idea that we getta
pretexck em. CIA aint any good. They had their Bay e
Goats. FBI aint since Jay Eger Heever died. / So I
thinkn who getta proteck is Roy Rogers, TGene Audryh
an Tom Mix. Only theys brave nuff. They win all ther
battles. And they pretekcs usgainst Arcida. What you
think? Mabe Tom Mix little ole.

CMT to Gyu. You rite I'm deep thinkr. Getta watch out
I don't fall in. cOMMnt NED. I resamble I rite on a
puter. Jus have a reel long typwritr.
