

SHANGRI-LA AFFAIRS ^{NO.} 2

News of Southern California STF activity. (#1 appeared as pg 15 of #12 VOM)

GARRET GIRL: Now living in solitary splendor (?) - "up, under the roof" - is Angeleño Leigh Brackett, the better to rite her scientifi-fantasyarns.

LAUTHOKS' ACCEPTANCES: Newcomer Bill Corson rings the Campbell with a wacky war story of the nr future, skeded for the nr future in Ast. It's a time travel tale for the same pub, sold by Jack Wmson; titled 'Backlash'. Whilez "--And We Also Walk Dogs" has been accepted from Castle Stoneybroke. Cleve "Oscar" Cartmill counts 4 new sales to his credit, 3 for Unk being "The Shape of Desire", "Death & Miss Lucy" & "Bells On His Toes"; & a tail of the first mutation, Ast, "The Link"...

PRO-RAY: It's the 2d appearance for Bradbury in Script, with "Of Cal-louse & Corns", issue of 8 Mar 41, rating a cover & inter-ior illustration. Ray recorded a portion of the article (scientifi-fantasy stuff) some mos. ago, bfor acceptance, on the Daugherty disc-maker. 3 more Bradburyarns coming up to the Wagner mag.

RESIGNATIONS IN THE AIR, RESIGNATIONS EVERYWHERE: First Emsheimer & Ackerman leave the Academy; then, a meeting apart, Yerke & Daugherty ask to be relieved of their respective positions of Secy & Director of the LASFS. It is customary in cases of this kind to offer frantic paragrafs of "explan-ation", assuring a suspicious fandom that there has been No Internal Strife in Local Leag Life! No Shakeup in Shangri-LA! This IS unnec-essary, as the 2 resignations were impersonal personal matters. Re-signees remain members. Art Joquel, Librarian, found himself in un-precedented position of filling 3 offices in the Club at once: With the resignation of Yerke he had been appointed Secy-pro-tem; & at the resignation of the Director, according to Club Constitution the Di-rectorship passes temporarily to the Secy, so he found himself also Dir-pro-tem. "The Man Who Found Himself"!

SPECTRARTIST: Ed Chamberlain, imagi-native, will do all the illustra-tions for the lead fanovel in first Spectra. Issue al-so will featurz Science Quiz by "Planet of Errors" contest-winner, J Arlo K Richards.

C Y C L O P S: ? ? ?

MOROJO'S MAG: All her own will be Guteto (Droplet), purpose being to propagate Esperanto scientificationly thru the Fapa.

POGO'S PUBS: The HI Priestess of All FOO now has a number of articles by prominent fans, skeded for 2d Stfette. Perdue, Gil-berf, Ackerman, Tullis, Shroyer & others have submitted material. Patti also is cooking up a nu-tyf femme in colab with Perdue, Widner & some the boys.

WANTED: (For one more wk) Quotations to Art Joquel, 1426 W 38, LA, on mags for LASFS Library--if anybody can better these: AmS #1, \$2.50; #2, \$2; #3, \$1.50; #1 Ast, \$1.50. Ppd, in good condish.

U BAT cha!
