SPELEOBEM 22.2

1840-11491

Now hold it a minute. By now, most of you have probably seen a publication erroneously labeled 'Speleobem 22.1' by now. The purpose of this publication is to tell you that the information therein contained is false, untrue and fictitious.

Contrary to what that other Speleobem said, I am still running for the OEsip of SAPS. Everything (from the first word to the last) contained in that fake Speleobem is ridiculous. No such thing as reported therein happened; Dian, Fred and Ted & wife did not help me put out that last SAPS mailing; I have not decided to drop out of any running (though the reason cited in there is the only thing that even sounds plausible), SAPS or FAPA; and even if I were, I certainly wouldn't be voting for Rich Brown; I would vote for Phil Castora who, after all, is over here on the West Coast. Not that I have anything against Rich Brown, mind you, but that surely this makes since; that I would vote for the cheapest and easiest way for me to get things in my SAPS mailings, doesn't it?

There is, in matter of fact, only one true statement in that one little one-sheet mess, and that thing is that I will be running for OE -- in both FAPA and SAPS -- next year!

Everything printed in Speleobem 22.1 was one big foul heinous lie. I have a suspicion, considering the propoganda given there, that it was written and published and somehow distributed by Rich Brown! In this regard, and acting in my capacity as OE of SAPS, I must then hereby chastize Rich Brown severely for using such foul, undignified and unSAPSish tactics in what has heretofore been a clean race for the office of SAPS OE. Also, outside my capacity as OE, I must express the hope, because of this, that even if I don't win the race myself, that it will be won by Phil Castora -- not merely because it would be easier and cheaper for me to get mailings to him but because it would be a sad thing indeed if it were won by such untoward practices.

And besides that, I said that I would not publish anything in this SAPS race, merely that I still wanted to run for the office. That should be that.
