### Cousin Guy's Early Bird Stats (through the SFPA #226)

I guess as Official Editor, one could theoretically get the first zine in every mailing and quickly rise up Cousin Guy's Early Bird Stats to a prominent place among SFPA legends. Maybe even challenge Ned Brooks for the top space. But that would take a lot of zines and quite a few years of OEing. At least, that's one theory. Jeff Copeland could accomplish this if he remained OE through 2007 and did all those early zines as he did this time. Then again...

A number of totals dipped slightly this time out, but one-time page-count king guy Lillian finally took the leap back into triple digits with a 38-page performance. Could it be our barrister is moving back into competition for the top spot? Biggest drop this time is Toni Weisskopf, who went from sixth to tenth.
