Attending this meeting, but not contributing this time: Ted White, Larry McCombs, Ross Chamberlain, Lee Hoffman (just walked in), and a cockroach named George.

Contributing but not attending, Dick & Pat Lupoff, Redd Boggs, Gretchen Schween..she'll kill me..Schween, and \*me.\*

The OO to the last mailing is being distributed this time, if Mike gets around to cutting the stencil, but if we made it a postmailing it would be \*sticky.\*

As usual, with trying to put this out (or down or something) with all sorts of things going on around me, I forgot something:

PAGE TOTAL: 35pp

This time, with all sorts of Outside Contributions, we've even thought about sending these Outsiders the mailings they've appeared-in. This will appear before the joint FISTFA-Fanoclast Sub Committee On Sending Mailings To Outsiders and from there to Full Committee before it's put before the entire membership for consideration.
