## LIST OF ILLUSTRATIONS

Cover	Bilbo Baggins was standing at his door after breakfast smoking an enormous long pipe...	Art - Tim Kirk Title - Steve Stiles
1	In a hole in the ground there lived a hobbit.	Tim Kirk
2	Gandalf	Dian Pelz
3	He pulled the door open with a jerk, and they all fell in, one on top of the other.	Bjo Trimble
4	Trolls	Mike Gilbert
5	Looking East to the Iron Mountains	Bonnie Bergstrom
6	He was Gollum--as dark as darkness, except for two big round pale eyes.	Mike Gilbert
7	"Both wrong," cried Bilbo very much relieved; and he jumped at once to his feet, put his back to the wall, and held out his little sword.	Bernie Zuber
8	"What has it got in its pocketeses?"	Steve Stiles
9	Standing near was a huge man with a thick black beard and hair, and great bare arms and legs with knotted muscles. He was clothed in a tunic of wool down to his knees, and was leaning on a large axe.	Don Simpson
10	He managed by leaning over to cut most of the strong sticky threads that bound him round, and then, sure enough, with a kick and a struggle most of Fili emerged.	Eddie Jones
11	In the Wide World, the Wood-elves lingered in the twilight before the raising of the Sun and Moon; and afterwards they wandered in the forests that grew beneath the sunrise.	George Barr
12	Smaug lay, with wings folded like an immeasurable bat, turned partly on one side, so that the hobbit could see his underparts and his long pale body crusted with gems and fragments of gold...	Joni Stopa
13	...he caught a sudden thin and piercing ray of red from under the drooping lid of Smaug's left eye. He was only pretending to sleep.	George Barr
14	It was the Arkenstone, the Heart of the Mountain	Bonnie Bergstrom
15	"The eagles are coming!"	Mike Symes
16	"There is a long road yet," said Gandalf.	Howie Green

1. The purpose of this document is to provide a comprehensive overview of the current state of the project and to identify the key areas for improvement.

2. The project has been initiated to address the growing need for a more efficient and secure communication system.

3. The initial phase of the project has focused on gathering requirements and conducting a thorough analysis of the existing system.

4. The analysis has identified several critical areas for improvement, including the need for enhanced security and improved user interface.

5. The next phase of the project will involve the design and development of the new system, with a focus on meeting the identified requirements.

6. The project team is committed to ensuring that the new system is developed in a timely and cost-effective manner.

7. The project will be closely monitored and reported on regularly to ensure that it remains on track and meets the project goals.

8. The project team is confident that the new system will provide a significant improvement in the efficiency and security of the communication system.

9. The project will be completed by the end of the year, and the new system will be deployed to all users.

10. The project team is grateful for the support and feedback provided by all stakeholders throughout the project.

11. The project team is looking forward to the successful completion of the project and the deployment of the new system.

12. The project team is committed to continuing to improve the system and to providing the best possible service to all users.

13. The project team is confident that the new system will be a significant success and will meet the needs of all users.

14. The project team is looking forward to the successful completion of the project and the deployment of the new system.

15. The project team is committed to continuing to improve the system and to providing the best possible service to all users.

16. The project team is confident that the new system will be a significant success and will meet the needs of all users.

17. The project team is looking forward to the successful completion of the project and the deployment of the new system.

18. The project team is committed to continuing to improve the system and to providing the best possible service to all users.

19. The project team is confident that the new system will be a significant success and will meet the needs of all users.

20. The project team is looking forward to the successful completion of the project and the deployment of the new system.

21. The project team is committed to continuing to improve the system and to providing the best possible service to all users.

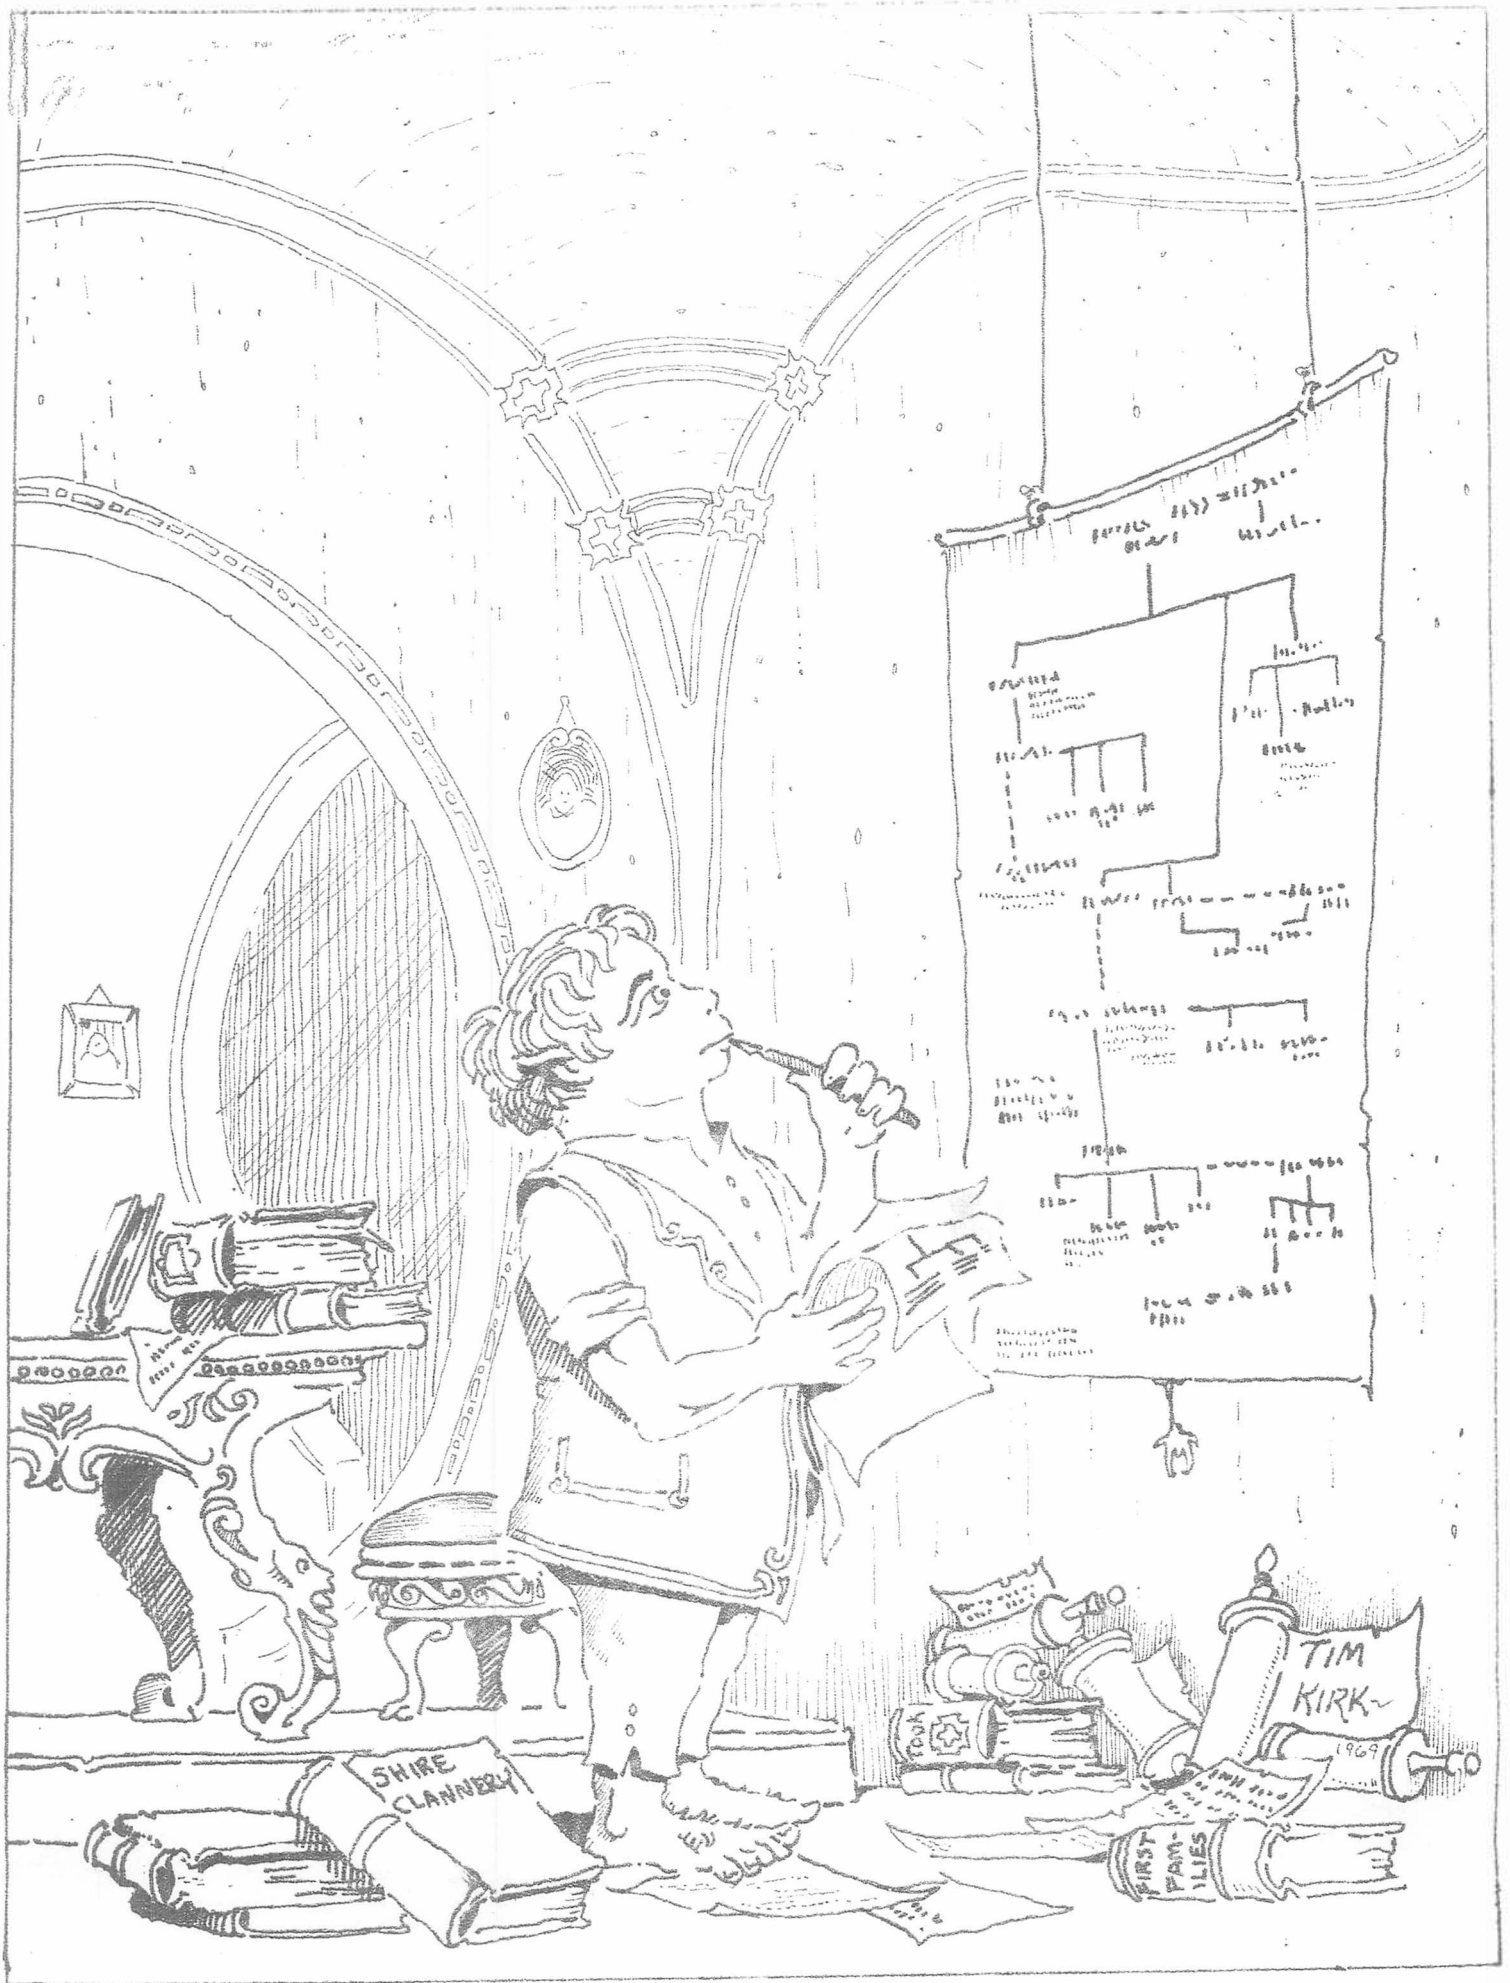

22. The project team is confident that the new system will be a significant success and will meet the needs of all users.

23. The project team is looking forward to the successful completion of the project and the deployment of the new system.

24. The project team is committed to continuing to improve the system and to providing the best possible service to all users.

25. The project team is confident that the new system will be a significant success and will meet the needs of all users.
