Dear Fan Friend:

They say that "friends in need are friends indeed." This is your opportunity to prove it by merely omitting the usual "beefs" when something you've seen before comes before you.

Walter was ill for some months earlier this year and unable to do any fan publishing. In June he suffered an attack of heat prostration which laid him low for two weeks longer. July 17th he cut his right hand and it became infected. As this is being stenciled his right hand is in a glucose pack and bandaged the size of a catcher's mitt. Chances are 50-50 that he'll have to go to the hospital for an operation and possibly lose it. Meanwhile FAPA deadline must be met or he'll be dropped.

I've set up and printed the folder this and the accompanying lithos appear in. Some of the lithos you haven't seen before but most of them you have. This folio is in an edition of 100 copies for exclusive circulation in F.A.P.A. and to a few non FAPAian friends.

I sincerely hope that you will generously allow this folio to count as requirements for continued membership.

Thank you
