Jan. 17 (CNS) Sam Moskowitz, Director of EBFA, announced officially that David H. Keller, M. D. would be feature speaker at the Feb 2, meeting of The Lastern Science

David H. Keller, is generally regarded as one of the "Grand Old Men" of science-fiction making his initial appearance in 1928 with The Revolt Of The Pedestrians in Amazing Stories, and going on to have over 100 stf stories published, which won for him again and again, title of stf's most popular author.

He was 66 years old on Dec. 23. 1946 and retired a Lt. Col. after 28 years of active and inactive

duty with the U.S. Army.

career, 1896 to date.

From his own collection, Dr. Keller will bring original illustrations, manuscripts and obscure publications containing his work which will be made available to attendees thru auction: proceeds to pay for club expenses.

### THE COSMIC REPORTER

The Just Imagine, two page picture department of Real Fact Comics, is on If Man Controlled Gravity, in the current #7 issue. This feature is well drawn and well worth the price of the magazine.

In the January issue of Vadjong Will Sykora writes in his Director's Message that the "Deros"have forced Shaver to move from Barto, Penna, to a suburb of Chicago. Al Brown has recived two letters from Shaver, which he will read to the Queens SFL today.

Fantasy-Times can't get anyone to review Amazing Stories. It seems

no fan wants to read it.

The Executive Committee of The Queens SFL met at the home of Taur asi, on Jan, 10 and worked on the proposed constitution of the proposed Eastern Club Federation. It was well pass 3:00 A.M. when they finished and the results is one of the best constitution of its kind yet written in fandom.
