After this issue K-M-T will be off the monthly run and will come out at irregular times. So much other work has to be done too, and it all takes time. How do you like John Cockroft's Pic and cover?

This issue we have Fan histories of two of the younger fens.

Any fans who have FFM's for trade or sell please get in touch with me, as I need a lot of the 1939 to 1944 run. I have some AMAZING; Super Science; for trade or will pay cash. Send your list in. Our membership list is increasing each month. Now is your chance to do a fellow fan a good turn; get him to join up and by so doing he can get his FINLAY-FOLIO for just 50%. Around 40 new members have signed up in N.F.F.F., so far this year. Not bad - - - -

FAN HISTORY of Telis Streiff, Wichita, 6 , Kansas.

I started reading stf ,every on33 in a while, about three years ago. I really came into Fandom in the summer of 1945. Yu see it wuz this way; My brother James (yes relation enters the picture) read stf long before I did. He pubbed the orgen of his club and passed th I never thot much about Fandom, and such, until James mailed a copy of the Martian News Letter to Jerk Saturn....he reveiwed it in his column. David Dee McGirr of Haverhill, Mass rote me and asked for a copy of the MNL (getting a lot of plugs in ain't I?) I rushed to the news-stand and bought the latest ish of Startling Stories,,,and there it was rite there in black and white...ahhh the joy.

Dragging out all the old stf mags I began to read ...and read..and read. Ahh the old joy of reading stf came back. Dayvee(McGirr) and I began to rite letters back and forth. My real name is Thornton Lee Streiff. So Davee thot of taking the first letters of my names and sticking vowels in between, and came up with TeLiS see? ? Now I'm just plain Telis. I still pub the MNL and also a cardzine called Mercury. ( I'll expect a few subs out of this) I joined the NFFF, asked to join the Welcom work and will run for Directorate this fall.

FAN HISTORY of Harley Sachs, South Bend, 11, Ind.

I am what you might call the younger generation of fandom. I am 15 years old, 6 ft tall, brown hair and eyes, like to swim and ski. I was born Jan1, 1931. I read my first promag in '43 and after that I started writing stf ( 6 th grade) and still am now. I wrote stf for years after reading only one promag (AMAZING- Aug.) I forgot promags; didnt know what they were. Then one Sunday I had nuttin to do so I went to the mag store and picked up a promising Startling with a flashy space ship on it. Then came TWS, then AMAZING again, Planet ASF, and finally FA. I am almost 100% an stfer. No weird stuff for me. I first became 'active' when I had a letter printed in Planet. Then I got a hctoced fmz soon after and W-K. ( Coslet's fmz...ed) then

-----I started my own fanzine after seeing only two fanzines, My mag STFFM, sells for 4¢ each, 7 for a quarter. I'm saying this because KayMar so far has forgotten to put an add in the TRADER for it. Oh well, some day....I may add that I am an NFFFR and am in a teenage club called the Jr. BEMS. Now my history is up to date, so I am yours ----- Harley L. Sachs. (persistant fellow, but swell--ed)
