

KNIGHTS IN OLD BERKELEY

DECEMBER 3, 1960

JE N. SAIS POINT

VOL I NO 8

Dear Subscribers: I am very sorry that this week's issue must be so short, but I have other publishing requirements (for the Carbon Reproduced Amateur Press) that I must fulfill. The CRAPpers out there should be on the lookout for the mag, and all you others, I am afraid, must wait till

next week to learn all the details of the Return Trip to the ancestral Brimstone home. Needless to say, we returned in good health. I can only promise this next issue; soon we will be returning home for Christmas Vacation, and publication may be suspended (there goes my justified margin) HAPPY NEW YEAR!
