1. The "Tin Lizzies" will be discussing the Oz books by L. Frank Baum (and others). If your knowledge consists entirely of ruby slippers and "Follow the yellow brick road," then you may be in for a surprise. Even if you know that "you can't win, you can't break even, and you can't get out of the game," you don't know the books. (For those who are now totally confused, the first reference is to the 1939 Judy Garland movie THE WIZARD OF OZ and the second is to the 1978 Diana Ross movie THE WIZ. There is also the 1986 RETURN TO OZ and several silent versions.) [-ecl] 2. Attached is the new release form that the Bell Labs Clubs requires all members of clubs to sign. I suppose it's possible for a Science Fiction Club member
