## INE SOUTHERN ARN

## November, 1961

## CONTENTS:

RAMBLINGS several pages and grumblings too. No order just a general rumbling.

THE SOUTHERN FAN is the official organ of the Southern Fandom Group and is published by L. D. Broyles; Rt. 6, Box 453P; Waco, Texas. It has now become bi-monthly due to facts beyond my control. Today it is being put on master being 11-12-61. I hope to have it in the mails by Thursday of this week at least to members. Ad rates: \$1.00 for full page; half page 50%.
50% discount to SFGers. Deadline for the next issue is-----

GENTLEMEN & LADIES! HERE WE GO IMMEDIATELY.

Two offices are bading run for. Bob Farnham submits the following:

I guess I will stand on my record (past) and run for the office of Corresponding Secretary.

And your official editor submits:

Due to the fact that no one else is running I will run for the office of President. I hope to keep hyperactive and to create a growing interest in the club among fan/readers of stf/fsy in all those states embraced at present in our organization. The word is out that SFGers get free copies of my zine (got yours?) and I am definitely planning on new editions of it. However I do not plan to join the apa. I have no equipment of my own and have to use office equipment to get this reproduced. Time just will no allow that I do so (now). Future - who knows for sure?

And there you have it/them. Two men - two offices. I am saddened in that I didn't really expect this little a showing. You filled out your questionnaires to join the club and seemingly showed an active interest in furthering fanac in the southern states. We are not trying to forman clique. In fact I most definitely state that if that seems to be what starts to happen I will be amonghthe first to quit the group.

Now dont take it that I am trying to scuttle the group here and now - not by a long shot.

I know that I have been personally tied up with various and sundry things but I have tried to keep tabs on all things going on here and there and I havent set aside any items for offices with the exception of the notice from Bobeff. I will continue to publish the OO until someone comes along who can do it better (like who cant?) or maybe I can get my own mimeo and come out with a much better repro.

And now to the item up for voting!

L'ROPOSED AMENDMENT

Article IV, Section 2, Part c.

The Corresponding Secretary shall appoint one Section Secretary for each of the five (5) Section of the territory covered by the Southern Faniom Group, namely: Texas Section—Texas; Western Section—Oklahoma, Georgia, Arkansas and Louisiana; Southern Section—Hississippl, Alabama, Georgia and Florida; Central Section—Tannessee, Kentucky, North Carolina and South Carolina; and Eastern Section—West Virginia, Virginia, Jaryland, Delaware and the District of Comumbia. The Section Secretaries shall be under the direction of the Corresponding Secretary and their terms shall run concurrently with that of the Corresponding Secretary.

Discussion on the above from Al Andrews (Director):

For sometime now a number of SFGers have felt that having an individual secretary for each state is rather unworkable. With 17 states (and D.C.) we could not co-ordinate nor bring about an exchange of ideas among 17 secretaries whose main job is contacting, usually by letter, fans in their states and recruiting for the SFG. So unworkable was the "State Secretaries" idea that we didn't press the appointment of one for each state. Under the new Section Secretaries Plan we can let the 5 Section Secretaries exchange ideas, plans, views, problems and solutions in an RR with the Cor. Sec. With only 5 under his direction the Corresponding Secretary can co-ordinate actions, present new plans, discuss problems and distribute news more quickly. Efficiency will be greatly increased. The submitted plan was worked out by Bob Farnham (C.S.), Lloyd Broyles (G.B) and Al Andrews (Director).

Incidentally, we must admit that there is no perfectly acceptable dividing of the SFG states into sections, but for reasons of population, land area and other points we feel that the presented division will prove quite workable and efficient. And we ask and will appreciate your affirmative vote on the proposed anendment. Thank you.

On the preceding page you have my current list of those who are at present on the rolls, including some who have not yet renewed. Your dues renewal subject to the constitutional requirement must be in before you may vote. Lack of a vote will not deactivate things but it will help to show that you are not as active as the few moments it will take.

I must apologize for the lateness of this. Have had a rough two weeks. Hy aunt became ill stayed with her quite some time. Thought she was better but she had another heart attack and did not recover. So now I am busy as executor of her estate which will comprise mainly of selling her property to setthe debts and funeral expenses. Have the will in probate now and the house is under care of a seller.

To help things further -- I must explain about SFGers receipt of WHO'S WHO. The club treasury is paying a sum (10¢) for each copy (postage and envelopes) and I am furnishing it as a benefit.

Last item -- a ballot and envelope is enclosed. The items to be voted upon are 1-election of President, 2-election of Corresponding Secretary and 3-proposed amendment to the constitution. I am putting a time limit of receipt by Bobeff for votes to count of November 28, 1961. There will be a notification of this in next issue and probably a prior notification of all.

If you wish to vote against anyone running DO SO. This will signify that you are disastisfied and think someone else (maybe you) should run. Feel free to do so.

O O O O O O O O O EFFERS O O O O O O O O O O O O O O O O

Bill Wolfenbarger - Sept. 30, 1961

The postman delivered the 8th ish of TSF today. As I had just finished devowering lunch, I knew well that my critical eyes were blushing. (Like, the first half of my destiny had been fulfilled.) The cover was almost cute. The first half of Ann Chamberlain's bit was pretty routine, but the last half was the best. Looking at the whole, a very nice poem; in fact it was good poetry as far as I'm conserned. I havent read poetry by women since Eliner Wylie. (Since I've read later editions, that is.) P The Director's Report was well qualified to give me further hopes in SFG as a responsible organization. P Enjoyed the rest of TSF. # I'm looking forward to your booklet WHO'S WHO IP FANDOH. sincerely/s/

Loubel Wood - November 6, 1961

I din't pay attention. Anyway, Who's Who is a delightful job,
wery well turned out. If appreciate your writing. You are about
the second OE who has written me in my twelve years as Fan. I
don't know what it is, but an OE seems to think everyone will
keep on writing him whether or no he answers. I appreciate the
fact that it is an added burden but I believe it is the only way
to keep the letters coming. Everyone likes personal attention,
and he who give it, is the best politician. (However did politics get into this?)

L. Wood (Letters)

I wish I did have time to run for office, Lloyd, but at this time it is impossible as I am too tied up in things here. I cant even keep up with my correspondences half the time. You young lads are doing fine I think. It is not too important to make a big showing at once. It is important to keep at it steadily. I think you have the right ideas in a lot of ways, and I predict that you will make a real publication out of the Southern Fandeed - Hah? If you really get snowed under with stenciling, I might could cut a few for you at odd times. Si, senor, usted es un muy buento Fansito. /s/

EDITOR - Sorry Loubel but I just couldn't resist including your letter. I want to once again ask for letters for inclusion in SFG's 00 TSE. Talk about mything, everything, the reproduction, the weather, etc, etc, ad infinitem.

I have been very happily reckiving orders for copies of my zine (money for free ones too), and have lots of letters on hand with egoboo and HEREBY THREATEN T INFAICT you who don't write with them. Sorry Bobeff but I acan't seem to lay my hands on that short review you sent. This is page 6 but that makes only three full sheets. With envelope and voting ballot I have nothing more of immediately talking interest. So for this time you will find this is the end.
