HEY, WORLDCON PLANS - required reading

NASHVILLE SF CLUB PRESENTS WORLDCON PARTY BUS (with bar) leaving Thurs August 29 at 8 p.m. from Nashville and Monday Sept 2 at 4 p.m. from Washington. About a 15-16 hour trip with fen (think of your usual bus companions...); no car/gas hassle on the way to DC or there. ROUND TRIP is \$40, BUT they must have your \$40 by July 25 - if there are not 30 signed and paid at that time, your money less 10% is refunded. If you pay and a bigger bus is needed, no extra cost to you (possibly some rebate). However, you may NOT cancel after August 15 and get a refund unless you find someone else to take your seat. This sounds like a fine way to go...send your checks TODAY, payable to "Ken Moore" to:

BUSLADY Carol Stafford
1818 Wildwood Avenue
Nashville TN 37212

...do it quick!

FINAL STRATEGY PLANNING SESSION TYPE DEAL
FOR NEW ORLEANS in '76

Washington DC is closer to all of us than most world cons have been since protodays (1951 and all that) and there is no excuse (well....) for ALL of you not to attend AND you can (attend or not) help make SURE that 2 years from now you will have a HANDY and FUN worldcon '76.

Just follow these steps (since you are Discon II Member #~~217~~²⁷⁹, start at Step 3):

1. Send a check payable to Discon II for \$3 supporting or \$7 (note the change!) attending
2. Wait for them to send you your Progress reports by third class mail
3. GRAB PROGRESS REPORT #4 and find the white 34th Worldcon Sheet - mark "NEW ORLEANS" with a 1, your other choices with 2 and 3 and mail it back with a \$3 or \$5 check made out to "1976 World Science Fiction Convention" - very important that this check not be to Discon II.

DEADLINE IS AUGUST 15...all mail mentioned above goes to Discon II, P.O. Box 31127, Washington DC 20031...hurry, hurry, hurry, KC will win if you don't (or maybe even Columbus?)

People have wondered about the silence on the national fan front of New Orleans. Just a question of money, folks - K.C. has put a lot of ads, Columbus fans know a lot of people...our ads for NEW ORLEANS in 1976...will be forthcoming but YOU are the determinative factor. The facts on New Orleans are in SFC HANDBOOK on the sixth page. The Committee has a lot of us not from N.O. like Lon Atkins, Ned Brooks, Dick Eney and me.

By all means; make the effort to get your mail ballot in on time - if you don't, we're asking (begging) you to attend the business meeting at 11 a.m. on Sunday, Sept. 1 and vote in person (with at least \$3). If you've paid \$3, you'll have supporting membership WHEREEVER it is held in 1976 and if you send \$5, you can attend. I sent \$5 because invested at 1% per month interest till then, it would only be \$6.30 and with inflation, there's no way they (whoever wins) can hold attending memberships down to that figure by September, 1976. Very logical.

Although founder/pubber Will Norris has departed for New York, Richmond VA area fans are becoming organized under Buddy Webster, 2216 Dartford Road, Richmond 23229 as the "Richmond Esseff". Dues are \$1. Also, Richmond has featured huxter days for local fan - contact V.T. Gilligan at the Richmond Book Shop, 808 W. Broad St., Richmond 23220.

Mercer County Star Trek Fan Club has disbanded in Harrodsburg KY.

Paul Dellinger writes: Fred Eichelman, 545 Howard Drive, Salem VA (389-9400) heads a new sf group in the Roanoke VA area. The group is The Nelson Bond SF Society. Mr. Bond lives in Roanoke, is a former sf writer for magazines of the 40's and 50's and also churned out a lot of 30-minute radio/TV shows based on his stories. He did a few novels as well...such as Exiles of Time, and is now a rare book dealer. The club pubs a newsletter, "Jinnia Clan Journal."

Beth Moore writes that the SFC HANDBOOK description of Louisville's SCA members, The Barony of the Flame, is "somewhat dated but much of the basic information is still correct." Current head of the organization, its Seneschal, is Baron Koric the Barbarian, Keith Kaufman, 1037 Edwards St., Louisville KY 40204 but Beth handles correspondence at 411 Belgravia Ct #3, Louisville 40208.

East Louisville SF Association, headed by Ken Amos, 7005 Bedford Lane, Louisville KY 40222 puts out a monthly newsletter, Tyrrean Chronicles, (\$2 per year) and holds Sunday night meetings. Info from Ken (425-1291) or veep Keith Hufford (425-6606).

Toombs County(GA) STAR is organized now under direction of Calvin Bohbitt, 113 Forest Hills Circle, Vidalia GA 30474 and Brenda Mize, Rt.3, Box 111, Lyons GA 30426. Members (\$1) receive newsletter. Another newly formed ST organization here is Star Trek Sector: Jacksonville(FL). Contact Danny Quitter, P.O. Box 5741, Jacksonville FL 32207.

The Auburn University (AL) SF Society begun by John Campbell and Dr. David Lewis and provisionally chartered by the University, has already had James Gunn lecture and Frank Herbert is to appear on campus in the coming school year. More details later.

Although Benecia I, a Star Trek/sf con, was cancelled, there will be another Vul-con in New Orleans, May 29-June 1, 1975. Info from P.O.Box 8087, New Orleans LA 70182.

Nashville SFS continues superactive, although now that Irvin Koch (despite the Chattanooga mail drop address) is in Knoxville, one would anticipate a revival of his Knoxville sf club this summer and into the fall. If you're in that area, write our Secretary, address on page 1.

Tuscaloosa AL is becoming a fan center as noted before. A semi-invitational apa for Pop Arts People is revving up under Joe Moudry, P.O. Box 1205, Tuscaloosa AL 35401. Some of the Montevallo SF club folks are summering in Tuscaloosa and consequently, with the emerging Birmingham fan nation, a minicon over the summer would seem a distinct possibility (if we can ever organize our own house enough to hold it).

Announcements:

Progress Report 4 for Discon II announced that Dick Washington 110 Davis Estates Rd, Athens GA 30601 is interested in a car pool from Georgia and that Michael Arm, Strong, 10222 Valle Drive, Tampa FL needs a ride to DC. Athens also boasts a Hugo-nominated pro, Michael Bishop, who'll be getting this Bulletin as his intro to Southern Fandom.

There is talk of caravanning from Agacon 74 in Atlanta up to Washington. Our own plans are to hang around visiting Atlanta fan until Monday, make it a scenic two day trip arriving Wednesday Aug. 28 by 6 p.m. and start partying in DC even though the program does not begin until Friday noon (with pizzazz). Be sure to arrive in time for the Friday night stage show, 2001: A space opera. Fan historians will want to make the mid afternoon JK Klein slide show, The Decline & Fall of Practically Everybody.

Let us not forget the Deep South Con with all this talk of Discon. This is OUR con, where the cream of southern fandom (really, now...) gather, this time in a true fantasy world/masquerade mardi gras thing. Y all come and do your own thing, especially if you cannot come to Washington for some icky reason like school, money, etc.

Kelly and Polly Freas (who support New Orleans in 76) Rt 4, Box 40560, Virginia Beach VA 23457, have another poster set out! What a beauty it is, too. These are big, 12½" x 19", superly reproduced in full color at \$3 apiece or \$4.50 autographed...the set of six is \$11.95 or \$16.95 autographed. Here's the run down: CITY MACHINE (DAW No.24) shows girl fetching water from a hole cut in the ice looking wistfully at the skyscraper-city machine whose regimented warrens her people have left to live free; SINS OF THE FATHERS (Analog 11/73) presents the alien Pied Piper persuading Earthmen to follow; HERO (Analog 6/72) is a new concept of space travel using a black hole for the jump; A BRIDIE FOR PEGASUS (Analog 7/73) is the story of a folksinger whose wild talent for stimulating the emotions of the crowd threatens the whole culture; THE BODEIAN WAY (DAW No.86) presents Margil, a romantic and lovely blue cat alien; and THE SECOND KIND OF LONELINESS (Analog 12/72) shows the space craft operator controlling a vortex which whips the interstellar vessel thru a spacewarp - he looks as if he is free floating in a colorful cosmos. These are really striking.

D. Peter Ogden, 8001 Fernview Lane, Tampa FL 33615 publishes ERBANIA with subs of 4 for \$2 and back issues 75¢ if ordered with a sub, otherwise \$1. He had (in March) 25-32 available and sent up #33-34, a large combo issue neatly offset, 32 pages, chock full of material on Burroughs, Tarzan, etc, artwork, movie photos and an analysis of the daily Tarzan strip 1929-72.

ETERNITY SF, editor/publisher Stephen Gregg, P.O. Box 193, Sandy Springs SC 29677, has #3 out at \$1 with 8 stories, poems and an article on SF poetry by Peter Billingham as well as a Kate Wilhelm interview, good art and a beautiful Steve Fabian cover. The South's first prozine of sf, this deserves your support (ALONG WITH NEW ORLENAS in - 1976). 4 issues for \$ 3.50 beginning with whatever number. Authors include Discon GoH Roger Zelazny, Malzberg, Fox, Bunch, etc.

MORE ON PUBS -----

PUBLICATION UPDATES (continued):

RIVERSIDE QUARTERLY (latest issue Vol.6, No.1, 60¢) is \$2 for 4 issues and for a \$6 sub you get a Lovecraft symposium pamphlet. This now emanates from the South (previously Canada) namely, editor Leland Sapiro, Box 14451, University Sta., Gainesville FL 32604. This is one of the prestigious and scholarly journals of sf criticism and commentary. Heinlein in Dimension by Panshin, for example, now an Advent book, originally appeared in these pages.

Peter Veters, 2819 Fenelon St., Chalmette LA 70043 announces a Star Trek newsletter, Beyond Antares, for 17¢ a copy, 65¢ for a sub of 5. It is monthly and contains ads, articles, con info and current ST news. The fanzine of the same name was announced as 70 pages with sf and ST stories and artwork for 75c by mail or 50c in person.

Richard Garrison, fan pubber of note, has brought his operation south. HERITAGE, P.O. Box 721, Forest Park GA 30050 has numerous pubs and posters, which will doubtless be huxtered at DeepSouthCon and are available by mail. He will be publishing the Brooks/Beahm Vaughn Bode index in the near future.

Fantasy artist, ex-Atlantan BB Sams, writes to say that he is now married and a Walt Disney artist/cartoonist for ads and merchandise. He'll be having some gag cartoons pubbed in Cavalier soon and is interested in assignments of fantasy cover art for the paying fanzine markets such as...

FANTAGRAPHICS, c/o Gary Groth, 7263 Evanston Road, Springfield VA 22150 sent some publications, Fantastic Fanzine Special 11 and the Robert Kline Portfolio. FF is 82 pages and only \$1.25; it has much of interest to graphics-oriented folks. The portfolio was \$2.50. I tried to trade pubs with Gary but my book rate mail was returned from that address. "Please Forward" might be a prudent note for your letter.

Rick Sneary is hardly a Southern (SOUTH Gate, CA) fan but wrote on March 26: "I have just read (Perry) Chapdelaine's review of SFC HANDBOOK in Mike Glycer's fanzine, and I want a copy. I want it bad enough to enclose a check for that amount. While for various reasons beyond my control, I am having to give up most of my fanac, I still want to maintain contacts and some idea of what has happened. I'm not sure I know what has been happening in the South these last few years. I will be particularly interested in getting straight the dates and locations of different cons. For the past three years I've been trying to assemble a card file reference on all cons, awards and special events, and officers where possible. Only when you try to gather this kind of information in, do you realize how hard it is. Even LOCUS didn't cover everything...I'm sure Perry was right, that it was a lot of work but there is cold comfort that your Handbook will be still being read and used, long after the current fanzines are mere legions [sic]. Congratulations in advance."

Forthcoming is Kung-Fusion 1 (\$1) from Brooks Gould, P.O. Box 13, Bains LA 70713 and SF and the martial arts. Art and fiction by R. Beckley, fiction by B. Gould, G. Delatte and R. Spillman, and nonfic by K. Pratt was announced and contributions are solicited.

News, reviews, announcements, whatever - continued

A new publication, premiering after the last bulletin is LAUGHING OSIRIS from P.O. Box 3, Ft. Thomas KY 41075. There is weird fiction, poems, an interview with Robert Bloch, an article on Ace Books. 75c or 6/\$4.

FOXFAX 9 (May 6, 1974), the biweekly newsletter of FOSFA (P.O. Box 8251, Louisville KY 40208) announced that the Louisville club plans to host a regional sf convention next year. They may bid for the DSC for 1975 at AGACON 74 but even if they do not or don't win it, they plan to have a convention. It was projected as being a lightly-programmed gathering along the lines of Midwestcon and KublaKhan Clave.

Another publication from the area not previously listed is the Southern Libertarian Messenger (issue in hand is Vol II, No.12 dated April 1974). Inquiries to John Harlee, P.O.Box 1245, Florence SC 29501.

Long neglected in these pages (because my only copy, Ned, comes thru S.F.P.A.) is Ned Brooks' IT COMES IN THE MAILS, which is what it says a quarterly (or 6 a year??) survey of Ned's mail and it is very interesting. He reviews the publications received, passes along interesting information for collectors, con fans, whoever...inquire as to availability from Ned Brooks, 713 Paul Street, Newport News VA 23605.

More Publications Received:

Tabebuian 12-14 continues from Dave & Mardee Jenrette, Box 330374-Grove, Miami FL 33133 at 15 copies for \$3. #12 mentions the SFC and says we could have mentioned a little more about the Tabebuian Society, for instance, that they want a worldcon in Miami in 1976 - assuming that's a typo for 1977, I say, fine! They are officially ineligible for '76. Sometimes this pub is about science fiction and sometimes not but whatever, I personally find it refreshingly different from most pubs and invariably interesting, and/or funny and/or peculiar.

Vertigo 21 from Ed Murray, 2540 Chapel Hill Road, Durham NC 27707 was to report on the January 27, 1974 minicon (attendance of about 60) and to plug the April 7 event. One coming up in July - consult the CFF section of your SFC Handbook.

KUBLA KHAN CLAVE TOO

About midday Friday, May 10, Meade & Penny Frierson and "chillluns" managed to make our first outing, that being to the con suite in the Nashville TN I-24/Harding Place Holiday Inn (Room 202 for posterity) and encountered, outside it, KEN MOORE & JOHN HOLLIS (our fearless leaders) and RON MILLER, then within GARY STEELE, GEORGE WELLS and MEMORY PRECLUDES me from an exhausting list of 10 earlybirds: Registration was being competently handled by CAROL STAFFORD, Sec'y of the con, or GINGER KADERABEK. The first order of business, however, was the second Annual Gerst House Beer Bash and since Wells was the only vet there (the Greenfields not having as yet arrived from Atl) we persuaded him to accompany us. Going on instinct (mapless) and four new tires, we managed to find the place and while I stocked up on liquor next door, acquiring such exotics as Creme de Banana and Ouzo as well as some Maker's Mark for andy offutt and Evan Williams which Bob Tucker pronounced to be "s-m-o-d-t-h...", the rest ordered Bavarian Pizza, &c and huge bowls of draft Lowenbrau. The pleasant repast over, with George bemoaning how he would not be able to remember the rest of the con, we found a farmer's-market-type place which promised not to bilk us on bheer prices and stocked up on such exotics as Blatz, Griesedieck Malt Liquor and other obscurities. [Goals to Newcastle - the conCom kept the bathtub stocked continuously with non-obscurities]

Upon our return we encountered a Memphis trio in search of food, GREG BRIDGES, JIM HARRIS and JOHN WILLIAMSON and visited with them awhile, introducing them to Eric Sean whom they'd missed at DSC '73 and playing hot potato with his rubber frog. Then, down to see who was set up in the Huxter's Room: here was RICHARD GARRISON with his Heritage Press offerings, RUSTY HEVELIN who was in charge of huxtering, ALIAN WILDE from K.C. with an assortment of goodies, DENVER SHERRY (who brought a copy of HPL - my only sale, I didn't do much huxtering myself) and Jim Harris. Jim had been liquidating his collection and we aided him, hauling large quantities of low priced goodies back to the room intermittently. JACK CHALKER arrived later with his excellent Mirage Press publications, which dented the budget again. We managed to pass some pleasant moments getting to know the KC people and others who passed in and out of the huxter rooms. Things were by then underway in the con suite and we passed the time with ALLEN & BARBARA GREENFIELD, GEORGE ORENTLICHER and SAM GASTFRIEND (the Agacon 74 co-chairman), who had come in from Atlanta in a microbus, and JOE CELKO (other co-chairman) and STEVE & BINKER HUGHES who arrived from there otherwise. Then there was another Atlanta contingent composed of MIKE WEBER and SCA persons IDA HUTCHINGS, REBECCA LE DOCK, "STARHELM" WARLOCKE and probably more. I recall, but dimly - much bheer was consumed) late in the early morning of Saturday discussing all manner of fascinating things with Chalker. Below us, the films rolled on - I, Mudd; King Kong; my Ernie Kovacs special. ABBIE COLDSMITH and kid were there. Birminghamians WADE GILBREATH and FRANK LOVE showed up. The ill-fated Northern train contingent, BOB TUCK, LIZ GROSS, ANN & BOB PASSAVOY, whose train had mugged a town called Cemore or Seymour, arrived, the worse for wear. Separately travelling northerners fared better - DICK TATGE with a fine supply of art and songs, PHYLLIS EISENSTEIN (more on her singing later), the GoH GORDY DICKSON and ANN CASS, to group the singers, who were duly aided by local BRANDY BRANDON.

We stopped by POLLY & KELLY FREAS' room to preview some of his prelims (and bought two beauties) and then with Kelly went on down to see Ron Miller's fabulous astronomical scenes. I consulted with ERIC JAMBORSKY

who, with LARRY WOLFE, was in charge of films concerning the problems which the Tuscaloosa fans had encountered in trying to screen my copy of Dr. Strangelove and Eric thought the job could be done (it was, Sunday morning). I met with a lot of old friends that night, JOE & NITA GREEN who introduced me to T.E. SWANN, JOE SICLARI, CLIFF & VARY AMOS, RALPH MOSS and other Louisvilleans down to promote Rivercon '75 there; locals DAN CALDWELL, STEVE BLOCH, and DICK STAFFORD (in disguise, a heavy beard he didn't have when we visited in December). I briefly met DAN HENDERSON from Memphis who has started selling sf stories.

Sometime in the wee smalls, a breakfast caravan was launched. I managed four wrong turns when there were only two possibilities and a Steak & Eggs place was our victim. Judging from the stuff I was eating while lecturing on a supercomplex drinking game I'd just learned I realize that I was drunk and it would be a good time to call it a night around dawn.

It was noonish when we stumbled, subdued, into the con area again to see the artshow being set up, obtain coffee and donuts, and await the panel of writers: andy offutt, Phyllis Eisenstein, Joe Green, Gordy Dickson, DON WOLLHEIM, GREG WILLIAMS, CHARLES FONTENAY, and PERRY CHAP DELAINE. The reticent TB Swann demurred, which was a shame. The feature started a little late but was well worth the wait since I found the discussion stimulating (which was what I needed, in my condition) and after it, while waiting for the artists panel, I met BRIAN HAMPTON from England who had been only briefly met the night before advocating a London Convention for 1979. Brian and I chatted for a while during the artists' panel and become so involved that I ended up missing that one (perhaps a fanzine will report). Erwin Strauss was soon involved with us on the British interstellar probe design and since I was deficient in speculative physics, I called in "my" expert on matters interstellar, Frank Love. Our seminar next moved to a discussion of con sizes and activities and matters more fannish than technical and suddenly it was time for the Khanglomerate Film Festival composed of real gems like Superman cartoons from the 1940s, Crusader Rabbit and trailers and miscellany.

At the Banquet that eve, the Greenfields kindly saved us a seat next to JIM TILLMAN. There was plenty of food and we enjoyed the program. Ken Moore non-introduced andy offutt, who got a well wrapped can of Coors beer, after Carol Stafford recited a very Service-able ode to the first KKC. Then Bob Passavoy entertained us with his funny version of the trip south, presenting Ken with a bent railroad spike as a token of luring them into that tragedy. Ken handed out some Galactic Eggs as tributes to the guests and gave Dan Caldwell a booby prize which was in process of disintegrating when Dan showed it to us on the way out. Gordy Dickson spoke knowledgeably and thoughtfully on the subject of the developing influence on sf in the 1970s - movies and tv. He felt that trufans could help shape the increasing involvement of the good sf writers in those fields. Jack Chalker then gave us the scoop on the Hugo nominees (prior to anyone's receipt of LOCUS 159).

There was milling around in the con suite when the first auction was going on below, Jack Chalker and Bob Passavoy presiding. The KC folks were holding open house next to the con suite with Bob Tucker teaching people how to drink bourbon; Larry Propp and I got a chance to

compare lawyer notes; JIM CORRICK, GLENDA SANDERS, andy and I talked about the Tennessee 'clave tradition in which we'd all been involved since IRVIN KOCH started them in '70, and about Jim's poem, The Spaciad, a tribute to offutt which is to appear in HUTTLOXOPETL 9, my legendary (from waiting for its appearance) genzine, due realsoonnow. I saw my favorite portions of 2001, which ran quite late. There was a party in 215 with IVAN SHEWMAKE, JOE HAMMOND and others. Quite a bit of info was flying about on the 7-in-77 bidding committee's interest in a southern con site for '77(mandatory if New Orlenias should happen to lose!!) Larry Wolfe had a very late night party.

Sunday morning I was lured awake by the first opportunity to see my copy of Dr Strangelove. We had family commitments in the town of my birth so had to miss the SCA presentation and final auction. We did play, a minor sensation, Joe Moudry's bootleg Zappa album cut, The Cool Green Hills of Earth, as Kelly sketched the Atlanta SCans. On returning Witchcraft Through the Ages was playing (a silent). There were a host of left-overs, and left over bheer to match, and the con-weary evening grew gradually more boisterous, what with Ken Moore body-painting classes (he was zonked out at the time), a seminar on what Watership Down rabbit jokes would be like (space prevents the reprinting of the longer apa con report containing them). Geogre Wells had played Messenger Boy for Emshwiller and had some lovely cover painting which we saw. Did I mention the DENNIS DOTSON and HARRY WHITVER work which was also on display and for sale? Ken Moore is a sf art nut and set a very high tone for that aspect of the con.

Up in the Green's room, 328 for the record, an excellent song session was in progress. We heard the part where Phyllis Eisenstein was teaching Gordy Dickson some Israeli songs; all sang old favorites, Dick Tatge composed one (to "Davy Crockett") for andy offutt and the con rolled on, past our sleeping forms by 3 am.

We finally let the kids do a little swimming Monday along with the offuttspring and said goodbye at poolside to the offutts, Abby Goldsmith, Brian Hampton, Greenfields and Atlantans and made it back to Birmingham to try to remember and set down notes which made the basis for "Fandom is a Joke Told by a Rabbit Full of Cherry Brandy and Coke, Signifying a Lot of Fun", Countdown to Washington Press pub pages 376-383 which went to some of you and the apas, as I've mentioned.

Just enough room for one of the rabbit jokes we decided upon in executive committee that Sunday night: There were three rabbits who decided they would find out which of them could stand to be dirty for the longest time. They went to a farmer and asked if they could go into his pigsty, and he let them. Four hours later one of the rabbits came thumping at the farmhouse door and asked to be allowed to take a bath. Two hours after that a second rabbit came in for a shower. Two hours later than that, the third rabbit came in to clean up. Twelve hours later, a fourth rabbit was thumping at the door.

Okay, one more: What do you call a forrest full of foxes? Uninrabbit-able.

Then there were jokes which are currently popular in Poland, like how many Americans does it take to wind a watch? One.

Just remember: Cons may be strange, but fans are stranger. mfiir
