Please keep this supplement with your Roster. Future supplements with later Bulletins will also be separate like this one.

Did I mention that our own (Miami, Fla) Gary Brown is editor of Jim Steranko's COMIXSCENE newszine which is a definite MUST for the comics fan. Order a year for \$2.50 from Comixscene, Box 445, Wyomissing, Pa. 19610. Gary will be married by the time you get this and probably will have a different address under FLA but dats life.

There are other goodies in your package for the following reasons:

- () You were at Apollocon and deserve the enclosed report
- () We had this material to return to you anyway
- () You may possibly be the only person in the country NOT to have seen Science Fiction Times-Chronicle 7/5/73 - so, enjoy.
- () You are a dues paid member and here is your Roster #4 to be corrected by this sheet and later supplements - renew dues of \$1 in August, 1973.
- () You probably haven't seen Bulletins 4 and 5 so here they be.
- () You are asked to review the enclosed for your publication
- () We want to trade all this stuff for your latest publication.
- () No reason in particular
- () You are close enough to attend Gene Reed's trade day Feb. 25 or Kubla Kahn Klave, April 27
