TAFF NOTES

This is Temporary Ballot #3 American.

#1 A 250 copies were available at Lunacon. Six people took advantage of it. This is not surprising since it was never mentioned at the program except when I was on the platform. (But I thought the Lunacon Committee supported TAFF?) Typed by E K Shorter.

#2 A ? number of copies were distributed at the MIT SF Society/NESA picnic and will also be distributed through the current NESFA Instant Message. Tuped by A R Lewis.

#3 A 2000 plus copies: 1000 to Locus, 1000 to Focal Point. Distribution also at the East Kingdom SCA Tourney May 15 and at Lunarian's meeting that evening. Also distribution through APA-L - 75 copies. Typed by S Parker.

There is, at least, a temporary ballot #1 European, which was distributed at Eastercon. Whether or not there are further temporary European ballots I do not know.

Funds at the moment \$383 - in the bank, \$10 in hand (petty cash), \$8 worth of mimeo paper, \$6 worth of stamps.

It is hoped that no rore temporary ballots will be necessary, but I still don't have Par Insulander's platform.

The TAFF Ballot Box and I will be at Disclave and intend to be at Midwestcon and Westercon, and hopefully will also make it to club meetings from Philadelphia north.

-- E K Shorter

(The Locus staff would like to note that the ballot on the other side is none of their work, but was produced entirely by Eliott charter)
